RECIPROCITY BILL GIVEN FULL SWAY

Battle Lines on Canadian Agreement are Squarely Drawn in Senate.

WARM FIGHT NOW EXPECTED

Reports in Opposition and Those Favorable to Measure Presented—Exchange of Views—Number of Amendments.

Washington, June 13. — The battle lines on the Canadian reciprocity agreement were squarely drawn in the Senate today, when in accordance with agreement Chairman Penrose, of the Finance Committee, reported the bill without recommendation favorable and adverse views were presented by Senators, and the way cleared for the long siege of discussion in open session.

Messrs. McCumber and LaFollette submitted reports outlining their individual views in opposition to reciprocity and Mr. Williams presented the views of himself and Messrs. Stone and Kern favorable to the measure. The debate will begin tomorrow with speeches in opposition to the bill by Senators Curtis and McCumber.

The exchange of views on the bill was general. Mr. Dixon expressed surprise and regret that the committee had not been able to bring in a recommendation for or against the bill, and in so doing elicited a series of statements regarding the course of the finance committee. One of these was made by Senator Heyburn, who brought out the facts regarding the motion in committee to report the bill adversely. He said that he had presented this motion and that it had been lost by a tie vote of 7 to 7, thus rendering an opposing report impossible, while at the same time approaching very near to one.

Mr. Gore introduced an amendment to the bill which would place Canadian flour, meal, meats and agricultural implements on the free list, but said he would not press the provision if it became evident that its adoption would imperil the bill.

In presenting his adverse report on the reciprocity bill, Senator LaFollette said:

"I purpose to offer amendments to the bill providing for a complete revision of the wool and cotton schedules of the present Payne-Aldrich tariff law, revision of the rates on structural iron and steel and certain other paragraphs of that schedule; also amendments revising the sugar schedule. Such revision downward, while reducing our government revenues less than $10,000,00 annually, will effect a reduction in the cost of living by lowering prices to the consuming public aggregating more than $200,000,000 a year."

HAVOC WROUGHT BY STORM.

Loss Resulting From Hurricane on Virginia Coast Grows.

Newport News, Va., June 13.—Additional details of the havoc wrought by the hurricane that swept the Virginia peninsula yesterday were received today and it is estimated now that the total damage done will aggregate more than $50,000. An additional known death also was reported, this being that of Francis Miller, a deck hand of the barge Lancaster, who went down in a dory when only a few yards from his ship. Vague reports of others drowning on the upper James were received, but were not confirmed.

Loss of property in and around the city was appaling. Twenty business houses and dwellings were unroofed and four families were driven from a fashionable apartment house in the North End, when the roof was torn off the building. Four wholesale houses were unroofed and flooded and the State school for colored deaf and blind children also was flooded.

A number of vessels broke from their moorings and the smoke stack of the tug Wanderer was blown out of the vessel. Much other damage also was done along the water front, and many small craft, including power boats, were wrecked.

FAR WEST TAKES LEAD.

Hitchcock Talks of Use of Postal Savings Banks.

Washington, June 13.—Postal saving depositories in the Far West are being better patronized than those in other parts of the country, announced Postmaster General Hitchcock today. Of postal savings banks opened May 1st, Bisbee, Ariz., and Tonapah, Neb., lead in the amount of deposits the first month with $11,770 and $10,311, respectively. The first 93 of these offices established received $12,801 the first month and on May 31st had on deposit an aggregate of $400,000.

There will be in operation July 13th a total of 650 postal savings offices, 100 additional offices having just been named, 50 to July 10th and 50 to July 13th. Among these are:

Lakeland and Gainesville, Fla.; Albany, Ga., Oxford, N. C., Aiken, S. C., Eufaula, Ala., Newport, Ark., Greenwood, Miss., Plaquemine and Houma, La., and New Braunfels, Texas.

TAFT PRAISES NAVAL HEROES

Six Honored for Bravery Following Recent Explosion on Battleship North Dakota—Medals of Distinction.

Washington, June 13.—The cabinet was kept waiting today while President Taft as commander-in-chief of the navy yard paid tribute to six enlisted men in the service. In the presence of Secretary of Navy Meyer and Captain Wiley, of the battleship North Dakota, the President presented the men with medals of honor, the highest distinction which this government can bestow.

The President spoke in praise of their heroic deeds when on September 8th, 1910, an oil fuel explosion on the North Dakota killed three men, put in jeopardy the lives of scores of others and placed the battleship itself in danger. Thomas Stanton and Karl Westa, chief machinist's mate; Patrick Reid, and August ..oltz, chief water tender; Charles C. Roberts, machinist's mate, first-class, and Harry Lipscomb, water tender, made up the honored half dozen.. These men waded in water up to their waists, in dense smoke, unbearable heat and the fumes of burning oil and gas and steam, to rescue their comrades and to prevent further explosion. In addition to the medals of honor, a gratuity of $100 was given to each man.

"It is a great pleasure for me, men," said President Taft in presenting the medals, "to be the instrument of conveying to you the gratitude of the nation for what you have done. What you did was bravery equal to anything in battle under circumstances in which you were facing death close at hand, and it sends a thrill down my back to feel that you are Americans and that you acted with the spirit of the American sailor, as we like to think of them, in saving the lives of your fellow men and that you have brought credit on the profession which you are following and have furnished an example in the service that I am sure will not be lost. God bless you! I hope you will all live long and useful lives and that this work which you have done in offering your lives up will be a source of happiness to you and of pride to all that come after you."

ABOUT INDUSTRIAL DISEASES.

Instructive Address of Dr. Alice Hamilton in Boston Yesterday.

Boston, June 13.—"That very little is known in the United States about industrial diseases is partly due to the fact that many of the most unhealthful trades employ newly arrived immigrants who are unknown to the community in which they live," said Dr. Alice Hamilton, of Philadelphia, in an address before the National Conference of Charities and Correction this morning. Dr. Hamilton cited the exhaustive study of the match industry made last year as the only scientific inquiry of this kind to have been completed in this country. Continuing, she said: "There is a widespread but erroneous belief that our country suffers less from trade diseases than the older countries. The Illinois Commission on Occupational Diseases, which made an investigation last year into the poisonous trades, found that there is much lead poisoning in Illinois, more than in the same trades in England and Europe; they found that the employers are usually not aware of sickness among their men, and that the workmen are often quite ignorant of the dangers to which they are exposed. The commission had great difficulty in obtaining information Physicians, hospital officials, insurance companies, and employers were for the most part unable to give accurate detailed information."

The fact that trades involving the use of poisonous substances employ many persons and that the suffering and the economic loss following industrial poisoning is great was urged as the reason for other States to conduct inquiries similar to the one made in Illinois.

BIG LOAN FROM AMERICA.

China Gets $30,000,000 as Share of United States Bankers.

Washington, June 13.—The Chinese minister today signed the prospectus of the $30,000,000 Hukuang Railway loan as a preliminary to the simultaneous issue of bonds in New York, London, Paris and Berlin, next Thursday. American bankers participated to the extent of one-fourth, and no difficulty is expected in floating that share. The total amount of the first issue will be limited to $30,000,000 of five per cent. bonds, which will be issued at par, since other Chinese bonds are selling abroad at 101. Most of the money will go towards the development of industrious enterprises in Manchuria and reclamation projects.

GOES TO ALL NATIONS.

Address of Mrs. Carrie Chavman Catt at Stockholm.

Stockholm, Sweden, June 13.—The address which Mrs. Carrie Chapman Catt, the president, delivered at the sixth Congress of the International Woman's Suffrage Alliance yesterday, is to be translated into the languages of all civilized lands and given a world wide distribution. A proposal to this end received an enthusiastic welcome at today's session of the alliance and funds to defray the expense were voted by acclamation. Mrs. Catt announced that an International Men's Union to further the cause of woman suffrage had been formed.

EVILS OF CAUCUS SYSTEM ATTACKED

Minnesota Member Boldly Denounced "Boss Control" in House.

NOTHING SHORT OF TREASON

Thinks President Who Gets Support Through House Patronage Guilty of Bribery—Warm Speech in the House.

Washington, June 13.—Denouncing as a "traitor" representatives in Congress who surrender their action to party caucus and declaring that any President is guilty of bribery, who undertakes to control the House through patronage to those who espouse administration measures regardless of merits, Representative Lindbergh, of Minnesota, an insurgent Republican, during the wool tariff debate in the House today, attacked what he claimed was the "boss control" of the House, and its manipulation through the caucus system and patronage distribution.

He charged the Democrats with having worked for freedom of action in the last Congress, when they cooperated with the insurgent Republicans; but to have adopted the evils of the caucus system now they are in power.

The House has capitulated to an unofficial body now known as the "Democratic Caucus," he declared. "It is not the first time in history that the majority membership of this House has committed treason, nor is the Democratic caucus the only caucus to have committed the offense.

"I am talking against treason and I unflinchingly and unhesitatingly say that any member who surrenders his action to the control of a caucus, violates his oath, is a traitor to his constituency and commits treason against his country."

Regarding presidential use of patronage, Mr. Lindbergh said:

"The House is the only elective body in Washington, and when any President undertakes to control it by systems of personal favors in the shape of patronage to those who will vote for so-called administration measures, irrespective of their honest opinions of their merits or demerits he is guilty of nothing short of bribery.

"One person cuts very little figure here," he added, "unless he is in the swim with the bosses, and then he is worthless to the people."

CASTRO NOW IN HAITI.

Exiled President of Venezula Discovered at Port de Paix.

Washington, June 13.—Ciprino Castro, exiled president of Venezula, whose return to his native country, the United States and foreign governments are trying to prevent, has been discovered at Port de Paix, Hiati aboard the steamer Consul Grostuck, under mysterious circumstances. American Consul Torres, at Portau Prince, cabled the State Department today of this fact.

Mr. Furniss, the minister to Haiti, reported that the movements of this vessel which has lately begun to fly the German flag, have been suspicious, no one but its officers and crew being allowed aboard and even the Haitien consul having been refused permission to go on board. The consul Grostuck is an obsolete Italian gunboat formerly named the Umbria. Its ownership is unknown. The Department of State announced tonight that it has no doubt that "as on the last occasion when Castro attempted to return and disturb the peace of Venezuela, all the interested European and Americans will cordially co-operate to prevent what might lead to a renewal of the intolerable conditions which existed in Venezuela during the Castro regime."

FOREMAST OF THE MAINE.

Shipped from Havana for the United States.

Havana, June 13.—The steel foremast of the old battleship Maine, which weighs about ten tons, was shipped aboard the Line steamer Bayomo today. It probably will be taken to Governors Island, N. Y.

The Cuban authorities have made preparations to receive all bodies as fast as they are recovered. They will be taken to Cabana fortress, where they will be placed in coffins and remain under military guard until the exploration of the wreck has been completed. The bodies will then be removed to the collier Leonadas for transfer North.

Berlin, June 13.—Herr Kreuger, a retired naval constructor, charged with betraying naval secrets, but without treacherous intent, was today sentenced to three months fortress arrest. According to the latest report Kreuger revealed to the British authorities the armament details of the German battleships of the Nassau type.

KNOX MUST EXPLAIN PAYMENT

Voucher of $5,000 to Colonel Hale Puzzles the Committee—Action of State Department Questioned — Features.

Washington, June 13.—In response to a subpoena issued today by the House Committee on Expenditures in the State Department, Secretary of State Knox will appear before that committee tomorrow afternoon to explain the payment of $5,000 from the Canadian boundaries commission fund, to Frederick Hale, son of former United States Senator Eugene Hale, of Maine. The subpoena was served on Secretary Knox this afternoon. He immediately arranged for a hearing at 3 P. M. tomorrow. Thomas Morrison, disbursing clerk of the State Department, will again testify tomorrow.

The summons for Secretary Knox followed disclosures made to the committee today by Mr. Morrison that the payment to Mr. Hale had been made on the sole authority of Secretary Knox's "O. K." and that the mysterious voucher for $2,450 in payment for a portrait of former Secretary Day had been found on the floor of his office by a State Department messenger.

Mr. Morrison declared that the missing voucher for $2,450 drawn in payment of a portrait of former Secretary Day and of which the artist received only $850, had been found by a messenger on the floor of his office. How it got there he had no knowledge, but it was his impression that some one interested in the matter was responsible.

The voucher, as found on the floor, appeared complete, Mr. Morrison said, and contained former Chief Clerk Michaels' explanation of how the $1,600 difference had been expended. Mr. Morrison asserted that when the voucher disappeared from the files it had no such explanation upon it. The explanation was not made public. It had been contended that the $1,600 was spent in secret service.

In regard to the Hale payment Mr. Morrison said that all he knew about the matter was his direcion from Secretary Knox to pay over the $5,000.

O. H. Tittman, Canadian boundary commissioner, called before the committee, declared that the $5,000 payment to Hale had never been explained to him. He said his original estimate for an appropriation of $20,000 had been increased to $25,000 by the State Department, without his knowledge and that he later learned the extra $5,000 had been paid Hale.

Col. Hale in Europe.

Portland, Me., June 13.—Col. Frederick Hale, the payment of whose fee of $5,000 from the Canadian boundary fund of the State Department at Washington, Secretary of State Knox was called upon today to explain, is out of town, and is understood to be in Europe. At his law office it was learned that the fee was for legal services under the 1909 treaty on the International boundary between Maine and New Brunswick in Passamaquoddy Bay. He did considerable work, it was explained, and the fee was for his own services.

KILLED ABOARD TRAIN.

Negro Detective the Victim—Accident?—Inquest Held.

Columbia, June 12.—Ike Mitchell, a negro detective, was killed today near Eastover, aboard a train. The inquest will be held tomorrow afternoon at Eastover, the crew of the early morning Coast Line train being summoned as witnesses.

From the evidence now in hand, Coroner Walker is unable to say whether he case was one of accident or not, but that was the statement made along the line where the train passed today. The body of the negro was lying on the platform at Eastover when the train coming in the other direction passed this morning. It is stated that there were four or five men going to Florence to testify in a case. Willie Blanton, one of the party, had a gun to fall out of his pocket, according to one story of he killing, and the weapon went off, killing Mitchell.

OUTLINES.

"Boss control" of the House was yesterday attacked by Congressman Lindbergh, who denounced as a "traitor" representatives who surrender their action to party caucus——Politics "as played in United States" was declared to be the most serious menace to the future trade expansion of this country, at the convention of the Travelers' Protective Association yesterday ——Frank B. Kellogg, the government "trust buster," admitted to the House Committee investigating the steel trust that he had acted as counsel for subsidiary railroads of the corporation——President Taft yesterday presented medals of distinction to six sailors on the battleship North Dakota for acts of bravery in the recent explosion——The debate on the reciprocity bill will begin in the Senate today. Reports in opposition and favoring the measure, were presented yesterday.

New York markets: Money on call steady 2 1-4 to 2 1-2 per cent., ruling rate 2 3-8, closing bid 2 1-4, offered at 2 1-2. Spot cotton closed quiet, middling uplands 15.90, middling gulf 16.15. Flour was quiet and partly a shade lower. Wheat firm, No. 2 red 94 elevator and 95 f.o.b. afloat both nominal. Corn easy, export No. 2, 61 1-4 nominal f.o.b. afloat. Oats steady, futures nominal. Rosin quiet. Turpentine easy.

WARE-KRAMER SUIT BEGUN IN RALEIGH

Illegal Methods in Restraint of Trade Charged by Independent Company.

AGAINST "TOBACCO TRUST"

Trial Will Likely Last Month or Longer—Number of Depositions Presented Yesterday Afternoon —Other Features.

(Special Star Correspondence.)

Raleigh, N. C., June 13.—The trial of the famous $1,200,000 damage suit of Ware-Kramer Co., vs. American Tobacco Co., for the alleged exercise of trust methods of stamping out the competition that Ware-Kramer Co., was giving them in the cigarette manufacturing business, began in the Federal Court here today, Judge Henry Groves Connor presiding, and is to require several weeks in the opinion of judge and lawyers in the case.

The morning session was marked by the selection of the jury and the reading of the complaint and answer. The jurors are Robt. W. Wright, of Franklin county; Joseph P. Burke, of Chatham; J. David Womble, of Chatham; W. P. Bremer, of Moore, Kenchern Taylor, of Northampton; Barnes Daniels, Jr., Wilson; Daniel Long, of Person; W. F. Garris, of Richmond; Phillip Lee, of Wake; Franklin Barbour, of Wayne; J. M. Parrish, of Johnson; Jno. Powell, of Warren.

The complaint recounts a long series of acts on the part of the American Tobacco Co., designed to destroy the plaintiff as a competitor, including the substitution of A. T. Co., goods for Ware-Kramer goods in a shipment of several car loads of cigarettes in China. In this case the Ware-Kramer Co., received payment for their goods but their agents claim to have found later that it was American Tobacco goods that actually reached the jobbers and with which the trade was supplied. What became of the Ware-Kramer goods does not appear. Also there is the W. W. Carter incident in which Carter, who is a party defendant in the suit, is charged with having gotten into the Ware-Kramer business as a stockholder and manager of the sales department and systematically worked to decrease the prestige and sales of the Ware-Kramer Co., by taking men from territory where they had built up trade and forced them into new territory, and by circulating damaging reports about the affairs of the Ware-Kramer Co. The American Tobacco Co., denies all these charges and sets up the further contention that the things charged in the main, if they transpired, as alleged, were more than two years prior to the institution of the suit and are, therefore, barred by the statute of limitations controling such matters. Appearing as counse. for the plaintiff are C. C, Daniels, F. A. Woodard, F. D. Swindell, of Wilson; N. T. Green, of Norfolk; F. S. Spruill, Rocky Mount. Counsel for the defendants are Junius Parker and W. R. Perkins, of New York; F. L. Fuller, Durham; H. G. Connor, Jr., Wilson, and Aycock & Winston, Raleigh. Both Samuel Kramer, of Durham, and F. D. Ware, of Richmond, who headed the Ware-Kramer Co., are here for the trial.

Judge Connor assured the jury of his intention to look as well as was possible to the comfort and convenience of the jury during the three or four weeks of trial ahead of them and insisted that the jurors must steer clear of undue influences in this case and consider the evidence presented without regard to who plaintiff or defendant are. He gave notice that if there should come to his attention an effort by any one to influence the jurors he will deal with them to the limit of the law as such an offense would be especially insufferable.

The depositions presented during the afternoon were by C. A. Hubbard and W. P. Moore, of Norfolk; A. M. Martin and William F. Arrant, of Richmond; Henry T. Offenderfer, of Washington, and Mr. Lilly, of Lilly, Duncan Co., of Baltimore.

Each of these set out personal experiences and observation of the American Tobacco Co., methods of stifling independent trade and competition, especially through coupons, free goods and other methods notably through special concessions to some special dealer in a city through whom the trade must ultimately come to be supplied. The Norfolk affiants set out that the Old Dominion Tobacco Co., ultimately came to control that market and the Washington affiants that the tobacco trade passed through favor of the trust to Davis & Decher, of that city.

Tomorrow there will be read to the court and jury depositions that were tayen by the plaintiff's counsel from officers of the American Tobacco Co. It is conceded that the trial will require three or four weeks.

Philadelphia, June 13.—Five deaths due directly and indirectly to last night's storm occurred today. Two workmen were killed and a third was seriously injured today while engaged in repairing storm damage and three others who were injured during the storm died in hospitals.

POLITICS MENACE TO TRADE

Declared to Hinder Progress in Explanation of American Trade Interests—Travelers' Association Meeting.

Philadelphia, June 13.—Politics as "played in these United States" was declared to be the most serious menace to the future trade expansion of the country by Frank W. Crandall, of St. Louis, chairman of the railroad committee in his report to the annual convention of Travelers' Protective Association of America, now meeting here.

Mr. Crandall declared that the country's only hope of commercial supremacy lay in building up an export trade in finished products, and to do this, he said, the country needed an efficient consular service.

"We must oust the discredited politicians who fill the consular berths," he said, "and we must secure adequate transportation for our goods at a reasnable rate."

The parcels post bill, if it ever passes, was declared to mean "annihilation for the small merchant and the jobbers," by J. Y. Williams, of Virginia, chairman of the Committee on Legislation. Mr. Williams recommended that the convention endorse the suggestion that it would be better to extend the free delivery routes farther into the country and make the letter postage rate one cent than for "the government to upset the distributing system of the entire country."

DEEPLY FELT NEED OF DAY.

Co-Ordination Between Religious and Social Service—Features.

Boston, June 13.—"Co-ordination beween religion and social service and elimination of the false distinction between secular and sacred in community work," said the Rev. John Howard Melish, of the Church of the Holy Trinity in Brooklyn in an address before the National Conference of Charities and Correction here this morning, "is one of the deeply felt needs of today."

"What our age needs is unity in the service of the community on the part of all the forces working for the community. The church should not compete with other organizations, forming agencies of its own to do similar service, as is the policy of one great denomination; it should co-operate with other organizations; it should recognize love, charity, service wherever they are found—in a charitable society, labor union, or a socialistic propaganda—as evidences of the Spirit.

"If now the church is to go forward into this new era of 'get together' and do in the future anything like what it has done in the past, it must adapt itself to the new situation. The simple organization with the preacher or priest, the person or parson adapted to the simple life of the village or small community is not adapted to the complicated and highly organized life of our molern cities. There is something pathetic the way great parishes search the world over for men to fill their pulpits, going on with the same methods and never realizing that the world has changed. We need today a new diaconate, not a new apostate; a body of men and women trained and equipped to organize the parish for social service and to lead in this service. The church should be furnishing trained workers to the charities and public committees of the community, and not wait to have those workers drafted from the churches."

SUGAR WILL GO DOWN.

Prediction of Edwin F. Atkins Before the House Committee.

Washington, June 13.—A reduction of the sugar bill of the American people was predicted today by Edwin F. Atkins, head of the American Sugar Refining Company, as a probable result of the reduction of the tariff on raw sugar, in testimony he gave to the special sugar committee.

Putting raw sugar on the free list, however, he said, would result in driving many sugar beet producers in the United States out of business and seriously crippling Louisiana cane producers. Representative Madison, of Kansas, tried to get the witness to fix a point to which the duty might safely be reduced. He declined.

"As an economist, as a dealer in sugar, as a great producer in Cuba, you should be able to give us a valuable suggestion," said Mr. Madison coaxingly.

Mr. Atkins responded that his company had not discussed the subject formally and that he must decline to answer until he was called before the Ways and Means Committee.

The tariff discussion occurred in connection with testimony regarding the prices of sugar, about which Mr. Atkins testified practically all the day. At the conclusion of the session, Chairman Hardwick announced the committee was through with Mr. Atkins for the present and tomorrow would hear Charles R. Heike, former secretary of the American Sugar Refining Company.

Boston, June 13.—Judge Julian W. Mack, of Washington, D. C., was unanimously elected tonight president of the National Conference of Charities and Corrections for its 39th year. Frederick Almy, of Buffalo, N. Y.; John F. Moore, of Boston, and Richard C. Cannon, of Chicago, were chosen vice presidents, and Alexander Johnson, of Fort Wayne, Ind., general secretary.

KELLOGG FRANKLY TALKS OF STEEL

Government "Trust Buster" Admits His Firm Represents Corporation.

NOW WANT MORGAN AND TEDDY

Most Interesting Session of the Inquiry—Had no Apologies to Make for His Action—Sidelights on "Steel."

Washington, June 13.—Frank B. Kellogg, special counsel of he Department of Justice in the prosecution of the Standard Oil Company, and known as the "trust buster" told the House Steel Trust Investigating Committee today that he had for years been special counsel for subsidiary companies of the United States Steel Corporation in Minnesota and that he had no apologies to make for it.

Chairman Stanley declared that the committee would summon any one—be he the President of the United States or J. Pierpont Morman—in order, he said, to get at the "whole truth and nothing but the whole truth as to how certain railroads owned by the steel trust are able to declare 100 or 150 per cent. dividends and put $4,000,000 or $5,000,000 into their surplus when their capitalization is only $4,000,000 or $5,000,000. That may be all right and it may not." It is probable former President Roosevelt and Mr. Morgan will be asked to appear before the committee when it holds sessions in New York.

Mr. Kellogg referred to a letter he had sent to the committee in which he explained that he and his firm, Davis, Kellogg & Severence, had for years represented the Duluth & Iron Range Railroad and the Duluth, Mesaba & Northern Railroad, subsidiary companies, since 1901, of the United States Steel Corporation. Denying that while acting as special counsel for the government he had performed any service for the steel corporation, Mr. Kellogg frankly stated that a fee of $15,000 for services previously performed had been approved by officials of the United States Steel Corporation and paid to him in October, 1907, after he had undertaken trust prosecution for the government.

"There has been a good deal said," Mr. Kellogg told the committee, "about my connections with the government and with the steel corporation. To commence with, I have no apologies to make. I have explained to this committee my services with these subsidiary companies to the steel corporation. They were purely local. They did not concern the steel corporation as an organization. Just prior to 1906 I argued some mineral rights cases in Minnesota and presented a bill for $15,000. This, I believe, was approved by the Steel Corporation, in 1907. Since 1907 I have given my time to the government in the Standard Oil and a few other cases until they were concluded, and I have done little, if any other, business. My firm has still continued as counsel for these roads and both my firm and myself are taking all the legitimate business we can get. I have no apology to the American people for the appearing for any corporation or individual I have never advised the orgasization of any corporation or the operation of any corporation under the Sherman law. I wish to make this statement as broad as possible."

Mr. Kellogg testified that there was nothing concerning his relations with the steel trust railroad companies in Minnesota that he would not disclose to the committee.

James Gayley, former vice president of the steel corporation, who also was a witness today, and will continue tomorrow, is the only corporation witness under subpoena to appear here at present. Several Western witnesses are to be heard and the committee then probably will adjourn over until the wool bill is passed, and meet later in New York. Several New York witnesses have been told they would be examined in New York.

SEVERE DROUGHT ABOUT OVER.

Weather Conditions in the Carolinas and Virginia.

Washington, June 13.—The severe drought which has prevailed in the cotton belt was relieved in the more eastern portion, but still continues in the western portion, according to the Weather Bureau's bulletin for the week ending yesterday.

The conditions by States:

Virginia: Precipitation generally deficient; abundant sunshine.

North Carolina: Light rainfall; some good rains in south, partially relieved drought.

South Carolina: Drought broken by good rains; sunshine above normal.

New York, June 13.—Continued inclement weather necessitated today an indefiinte postponement of the third international polo match and the visit of the English players is regarded as ended.

SPORTING NEWS

NATIONAL LEAGUE.

Results Yesterday.

At Pittsburg, 4; Brooklyn, 3.
At Cincinnati, 2; New York, 5.
At Chicago, 5; Boston, 4 (12 innings).
At St. Louis, 10; Philadelphia, 8.

Standing of the Clubs.

Club:	Won.	Lost.	P.C.
Chicago	32	18	.640
New York	32	19	.627
Philadelphia	31	21	.596
Pittsburg	28	22	.560
St. Louis	27	23	.540
Cincinnati	24	28	.462
Brooklyn	18	33	.353
Boston	12	40	.231

Cincinnati, June 13.—Mathewson pitched in good form, is the story of today's game in which New York defeated Cincinnati 5 to 2.

New York .....103 000 001—5 11 1
Cincinnati .....000 001 001—2 11 2

Mathewson and Meyers; McQuillan and Clarke; time 1:55; umpires O'Day ando Brennan.

St. Louis, June 13.—St. Louis won the final game of the series with Philadelphia today ten to eight. The local's thirteen hits counted for 26 bases and the visitors earned 16 bases on their eight hits.

Philadelphia .. 002 300 300— 8 8 3
St. Louis .. ..205 100 11x—10 13 0

Ewing, Rowan and Dooin and Moran; Golden, Sallee, Harmon, Steele and Bresnahan. Time 2:45. Umpires Finneran and Rigler.

Pittsburg, June 13. Pittsburg today defeated Brooklyn in 11 innings, the final score being 4 to 3. Brooklyn tied the score in the sixth by scoring two runs. Pittsburg won in the 11th before a man was put out. Flynn, batting in place of Leifield, hit for a single, and had McKechnie to run for him. A base on balls to Carey put McKechnie on second. Rucker relieved Schardt in the middle of the tenth when two men were on bases with one out.

Pittsburg .. ..101 010 000 01—4 12 2
Brooklyn .. ..000 102 000 00—3 6 0

Leifield and Gibson; Schardt, Rucker and Bergen. Time 2:20. Umpires Eason and Johnstone.

Chicago, June 13.—Chicago made a clean sweep of the Boston series by winning the final game today 5 to 4 in 12 innings. McTigueo pitched well except for moments of wildness. Pfeffer was hit for a home run in the tenth by Goode. Richie was batted freely but had fine support in pinches.

SOUTHERN PUBLISHERS.

President of Association Talks of the Work in the South.

Louisville, Ky., June 13.—Speaking to members of the Southern Newspaper Publishers' Association in session here today, President C. B. Johnson, in his annual address, referred to the great opportunities presented to all classes of industry and finance in the South's rapid advancement and declared that it was the work of the newspaper publishers to exploit its advantages.

The president declared that the work of improving roads, which is going forward in the South with great rapidity, will do as much as any other one thing to enhance the value of the lands in the South and to make the farm attractive for young people.

DISASTER ON LAST LAP.

Machine of German Aviator in Paris. Turin Race Was Wrecked.

Viterbo, Italy, June 13.—German Aviator Frey, who started from Rome at an early hour this morning on the last stage of the Parish to Turin air race, met with disaster in the mountainous territory lying between Viterbo and the capital. The other contestants who got as far as Rome, had given up.

Only a few miles out of Rome Frey encountered heavy fog and lost his course. Soon he drove into a terrific storm of rain and hail. He tried to rise above the clouds, but his machine refused to respond. Suddenly it swooped downward and the aviator lost all control. It fell into a ravine and was wrecked. That Frey was not killed was due to the heavy helmet protecting his head, and the marshy condition of the ground into which he plunged. Both his arms and one leg were broken, while he was badly cut about the face.

When a Red Cross searching party from the San Martino station on Montesimone found him, he had lost much blood and was almost unconscious, buried under the aeroplane. The aviator was taken to the hospital at Roncigalione, suffering greatly, but was able to tell of having been lost in the fog, although he could give no reason for the fall.

Frey's wife is now in Florence, where she hoped to be present at the landing of her husband. It is expected that she will come here tomorrow.

CAROLINA HIGHWAY MEN.

Good Roads Association in Session at Winston-Salem.

Winston-Salem, N. C., June 13.—The North Carolina Good Roads Association opened a two days' session here today. President Patterson in his annual address said he longed for the time when the entire South would be linked by a system of well located and properly drawn and surface roads. He spoke enthusiastically of the increasing sentiment in favor of good roads in this State. Dr. Joseph Hyde Pratt, secretary of the assoriation, reviewed the work of the association since its beginning ten years ago.

Ex-Congressman John S. Small, in an address, declared the good roads movement was the greatest economic movement in this State.

At this afternoon's session of the Association encouragisg reports were made by President H. B. Varner, of the Central Highway Association; Fred B. Tate, of the Triangular Highway Association; Dr. Joseph Hyde Pratt, of the Crest of the Blue Ridge Highway Association, and Leonard Tufts, of the Capital-to-Capital Highway route. A telegram was read from President A. J. McKinnon, giving assurance that the Charlotte-Wilmington Highway would be built.

AFTERMATH OF THE STORM.

Schooner Captain Reports a Number of Boats Swamped.

Norfolk, Va., June 13.—That several lives were lost in Hampton Roads during the terrific storm that swept this section yesterday, was made evident today when Captain Knowlton, commanding the schooner Levi Andrews, reported that he saw several small boats disappear during the blow.

The Levi Andrews was being towed to Newport News by the tug Dauntless when the storm broke, and Captain Knowlton said the velocity of the wind was so great the tug could not keep a straight course.

Captain Knowlton said just before the storm broke he saw 15 or 20 small boats scattered around the Roads. Some had two and three men in them. When the storm was over, many of the tiny craft had disappeared. Captain Knowlton is inclined to think that the boats were swamped. The wind tore away a part of the main sail of the Andrews.

The schooner J. Howard Loeds, Captain Roope, was anchored in the roads when the storm broke. The wind parted their anchor chain, and the schooner was helpless in the storm for about an hour.

THE GEORGE COX CASE.

Writ of Mandamus Asked for by Prosecuting Attorney Issued.

Cincinnati, June 13.—Judges of the Second Judicial Circuit Court of Ohio today issued the writ of mandamus asked for by Prosecuting Attorney Hunt against Common Pleas Judge William L. Dickson, who quashed the two perjury indictments against Geo. B. Cox, the political leader and banker.

The circuit judges held that Prosecutor Hunt, having elected to try Cox on one of the indictments, it became the imperative duty of Judge Dickson to order such an election entered in the journal of the court without waiting to pass on a motion to quash.

The effect of the decision is that one of the two indictments against Cox is alive, but the quashing of one by Judge Dickson is effective and he may quash the other without delay if he so desires.

Prosecutor Hunt, after he had read the decision, declared that no matter what action Judge Dickson might take he could now take the case to the Supreme Court.

STRIKERS TO PARADE TODAY.

Some 6,000 Garment Workers to March in Cleveland.

Cleveland, O., June 13.—The striking garment workers did little today other than to complete arrangements for the parade which is scheduled for tomorrow morning, when 6,000 striking men and women will march through the downtown streets.

The strikers believe the parade will prove a winning card in their efforts to enlist the sympathy of the public. The police will take extra precautions to prevent disorders and all special officers available will be on duty.

WARRINER TELLS MORE.

Back From Prison to Testify in Embezzlement Case.

Cincinnati, June 13.—Charles L. Warriner, confessed defaulter of $643,000 from the Big Four Railroad, now serving a six year sentence in the Ohio penitentiary, reiterated on the witness stand today in the trial of Edgard S. Cooke, charged with embezzling $24,000 from the same company, that Cooke had admitted that he was an embezzler.

Warriner admitted under cross examination that he was convicted for defaulting only to the extent of $5,000, despite the fact that he confessed to a defalcation of $643,000.

He reiterated that part of his confession, that dealt with Mrs. Jeannette Stewart Ford, "the woman in the case" stating that he had paid Mrs. Ford's bills from time to time.

The prosecution received some what of a blow early in the day when Judge Hunt ruled out the testimony of clerks of the Big Four as to the contents of the cash books of the road that have been destroyed.

Y. W. C. A. CONVENTION.

Speech of Miss Grace Tottenham Feature—Events of Day.

Asheville, N. C., June 13.—The principal speakers at tonight's session of the Southern Conference of the Y. W. C. A. were Miss Grace Tottenham, of London, England, member of the world's committee, and Mlle. Suzeanne Bidgrain, of France, secretary for the National committee in that country. Miss Tottenham graphically described her missionary labors in Great Britain. Mlle. Bidgrain, who spoke through an interpreter, declared that Y. W. C. A. work had made great strides in her country during the last four years. Such conditions, she said, were largely due to the effective work of American women in the French missionary field.

The grouping of the various States under their colors was the feature of the association day exercises this afternoon.

CAPT. FINCKE ACQUITTED.

Charged With Embezzling Funds on Government Collier.

Norfolk, Va., June 13.—Capt. William C. Fincke, of the naval collier auxiliary service, was acquitted in the United States court today of the charge of embezzling government funds. Capt. Fincke, formerly of the Solace, was in September, 1910, sent to command the collier Ajax. October 1st his accounts were audited and declared to be short $5,100. Capt. Fincke held that the funds would be forthcoming if given a reasonable time to settle his accounts. When the government failed today to show that actual demand had ever been made upon Capt. Fincke for the amount of the alleged shortage, the court directed a verdict of acquittal.

CHARGED WITH MURDER.

Newbern Couple Taken in Custody on Bench Warrant.

Newbern, N. C., June 13.—Burril Casey, a white man, and his wife were arrested here this morning on a bench warrant sworn out before Judge Garland S. Ferguson, in which Casey is charged with causing the death of Joseph ...itty by poisoning in this county on May 19th, 1910.

Mrs. Casey was formerly the wife of the dead man and married Casey three weeks after the death of Whitty which it is asserted came in a rather mysterious manner.

Mrs. Casey is held as an accomplice in the murder charge.

LIVED LIFE OF HERMIT.

"Wild John" Starnes Shunned Society of Mankind for 40 Years.

Gaffney, S. C., June 13.—"Wild John" Starnes, so called because he lived the life of a hermit for the past 40 years, near here, died Saturday night of pneumonia. Starnes has been well known locally and it has been said he was the Confederate soldier who accidentally shot General Stonewall Jackson. It is stated that Starnes became mentally unbalanced soon after the war, supposedly from his connection with the killing of General Jackson. He constructed a hovel of goods boxes in an unsettled section of the forests, and has shunned the society of mankind.

CHARLOTTE CLUB IN TROUBLE.

Manager and Assistant Heavily Fined and Must Close.

Charlotte, N. C., June 13.—The News of this afternoon says:

"In the Recorder's court this morning W. T. J. Blackman, manager of the Commercial Club, on South College street, and E. L. Johnston, an employe of the club, were each found guilty on a charge of retailing and maintaining a club where liquors are kept for sale. Final judgment was suspended until tomorrow morning. Each was placed under $1,000 bond until that time when they can choose the following alternative: A fine of $250 and the costs and discontinue their business; or a fine of $500 each and four months in jail if they prefer to continue their business.

"Blackman is the manager and Johnston the assistant of the Commercial Club, which is located in the second block of South College street opposite the old freight station.

"Both Blackman and Johnston were arrested on the night of June 3rd and their case came up for trial on the sixth, Tuesday last. The case was continued until this morning when it came up, with the above result.

"Blackman is the manager of the club while Johnston is employed at the club as an assistant. The warrant charged them with maintaining a club where liquors are kept for sale. The charge was preferred that they sold whiskey to T. M. Allen, white. The defendants entered no evidence. They were represented by Messrs. J. D. McCall and Plummr Stewart.

"The Commercial Club secured its charter in February last and has been in operatio never since.

"The police department secured the evidence on which the defendants were convicted.

"They have had the dragnet out for some time and there is now no telling what a day may bring forth as the result."

KILLED BY LIGHTNING.

Mr. James Gandy Struck Near Darlington, S. C.

Florence, S. C., June 13.—Information was received by the Times this morning that Mr. James Gandy, a prominent farmer living about five miles from Darlington, was struck by lightning while standing on his piazza yesterday evening and instantly killed. Mr. Gandy was well known and leaves a wife and children and a large family connection in this section.

BOARD REPORTS UNFAVORABLY.

Damper Thrown on Project to Improve Elizabeth River.

The Board of Engineers for Rivers and Harbors, sitting at Washington, D. C., has reported unfavorably on the project for the permanent improvement of Elizabeth river, N. C., according to a circular issued by the United States Engineer's office for this district. The reasons given for the board's decision are that the commerce is not of sufficient magnitude at that point; that the cost of the improvements, including maintenance, would greatly overshadow the commerce, and that as an independent project its value to general commerce and navigation is insufficient to warrant its adoption by the government.

The circular announces that interested parties have the privilege of an appeal to the Board of Engineers for Rivers and Harbors. Such parties may either write or submit their arguments orally. Written communications should be addressed to the Board of Engineers for Rivers and Harbors, Rooms 507-510, Colorado Building, Washington, D. C., and should be mailed in time to be in the hands of the board within three weeks of the date of the issuance of the circular. If oral hearings are desired, dates for the same may be arranged by corresponding with the board.

MORGAN LOAN OUTRAGE.

Former President of Honduras Makes a Protest.

New Orleans, June 13.—Characterizing the proposed Morgan loan of $10,000,000 to Honduras as an outrage against that republic, Dr. Policarpo Bonilla, former president of Honduras, who left here tonight for Washington, to protest to Congress against the ratification of the proposed loan, declared that his country would never accept the loan unless forced to do so at the point of a bayonet. The deal, according to Bonilla, was engineered by J. Pierpont Morgan & Company, with the assistance of the American State Department, and over a protest of Honduras. "Honduras," he said, "does not care to be sold on the block to a big financial syndicate which might desire the selfish exploitation of her resources."

London, June 13.—Walter Winans swept the board in the light harness horse class, taking the first, second and third prizes with Bros. Chanticler and Elf, respectively, Colonel Axworthy, bred by J. H. Shults, of New York, in reserve at the International Hoarse Show at Olympia today.

JERSEY BRAND ABSOLUTELY PURE CONDENSED MILK

JERSEY MILK
— CONDENSED —

The New York Times May 24th states:

"A crusade against manufacturers of condensed skimmed milk who misrepresent their product, has been started by the Department of Agriculture."

There has never been any question as to the purity of JERSEY MILK.
It is just what it is represented to be. It contains all the cream.

TEXACO ROOFING

is made of solid, extra heavy, first quality, wool felt, thoroughly saturated with Texaco Bitumen, over 99 per cent pure, and afterward finished with an extra heavy coating of the same material.

TEXACO BITUMEN—over 99 per cent pure — possesses great fire-resisting properties, is not oxidized by the action of the elements, is impervious to the action of acids, fumes and gases, is not injured by the extremes of heat and cold, and remains adhesive and pliable.

The weakest point of ready roofing is at the lap, due to the disintegration and hardening of the cement used, but Texaco Roofing Cement, made of bitumen over 99 per cent pure, insures a permanent waterproof lap.

The principal merits of TEXACO ROOFING are:
ECONOMY of first cost and application.
SIMPLICITY and ease of application.
PERFECTION of weather and water-resisting qualities.
MAXIMUM of strength and durability.
FIRE-RESISTING.
PLIABILITY and immunity from injury by extremes of temperature; and, last but not least,
A PERMANENT LAP, by use of Texaco Roofing Cement, which gives security, strength and waterproofing at the weakest point of a roof.

HENRY JEROME STOCKARD, President, Raleigh, N. C.

AT THE NATIONAL CAPITAL

"Red Buck" Tells the Whys and Wherefores of the Bluebird—Woodrow Wilson, the Initiative and Referendum.

Wilmington Star Bureau,
Congress Hall.

Washington, D. C., June 13.—The Department of Agriculture, through Mr. Wells W. Cooke, of the biological survey, has solved a problem that came near to getting into politics in North Carolina and other sections of the South. Mr. Cooke has told what happened to the bluebird in 1895. If my memory serves me well, it was Judge Risden Tyler Bennett, of Anson, who said that coming of the Populists had something to do with the passing of the bluebird. He was in doubt for sometime as to whether it was the advent of yellow shoes or the Populists that caused the disappearance of the beautiful little bird that adds life and color to every North Carolina orchard.

In the last Yearbook, which is full of delightful reading matter, Mr. Cooke has a very entertaining article on the migratory movements of birds in relation to the weather. In obedience to physiologic promptings, said Mr. Cooke, the bird migrates at the usual time and proceeds northward at the usual speed unless prevented by adverse weather. But, unfortunately for birds, the weather conditions are interspersed with occasional drops of temperature that reduce insect eating birds to the verge of starvation. The purple martin, being an early migrant, is peculiarly liable to such accidents. A storm in late June, 1903, in Southern New Hampshire swept the air of the bird's insect prey for so long that all the young birds starved in their nesting boxes and a large proportion of the old birds perished. Conversely, birds go South in the Fall until they reach a district where usually they can obtain food throughout the Winter. But sometimes they do not go far enough to be out of reach of an exceptional blizzard. The coast of South Carolina was visited in February, 1899, by a heavy snowstorm, with the severest cold known there in 200 years. Thousands of fox sparrows, snowbirds and woodcocks starved and probably nine-tenths of the bluebirds and pine warblers shared their miserable fate.

The soundness in general of the birds' instincts is vindicated by the fact that all these catastrophes, appaling though they are, do not permanently diminish the bird population. Provided bad weather has not permanently reduced the food supply, the birds eventually regain their former numbers.

Take the striking case of the bluebird. The Winter of 1894-1895 killed off so many of the bluebirds east of the Mississippi river that in the Spring of 1895 not a bluebird warble was heard in many a town where the year before there had been a full chorus. Since then their numbers have gradually increased, until now, were it not for persecution by the English sparrow, the ever-welcome bluebird would be as numerous as ever.

This is an interesting story in connection with the fact that the bluebirds were so scarce for several years about 1895, 1896 and 1897 that every observant farm boy in the South noticed it.

It will be many moons before Woodrow Wilson, candidate for the Democratic nomination for the presidency, regains in the South what he lost by certain recall, initiative and referendum remarks in the West, in the opinion of many here. To use a homely expression he dropped his candy. When confronted with what Mr. Wilson said in an interview in Oregon, Mr. Martin W. Littleton, who had quoted one of the books of the learned Governor of New Jersey, said that he preferred the words of the ripened scholar, who wrote at leisure what he thought, to the random shots of a galavanting politician. That is what many of Mr. Wilson's friends are saying. The wild and wooly recall and referendum will not go in the South just yet. The South—the "too conservative South," Bryan called it—would like to support Mr. Wilson, one of her own sons in his ambition, but he must back pedal before he can enthuse the people there. Some of his former supporters are apologizing for him.

Champ Clark has received a doubtful boost. William Jennings Bryan and William R. Hearst, both of whom bolt whenever they do not get just what they want, have virtually declared for him. There is a string to both of these promises—Hearst would like to have it if Champ can't get it; Bryan is in the same attitude. Like the white man that rode the old negro to the gates of heaven, jumped off and tried to run in, they think well of Mr. Clark.

Neither Hearst nor Bryan ever believe that Champ Clark will get the nomination. Either Hearst or Mr. Bryan would be glad to have the Clark support in the convention when it is deserted. H. E. C. BRYANT.

KILLED BY LIGHTNING.

Negro on Col. W. B. Fort's Place Near Pikeville Stricken.

Goldsboro, N. C., June 13.—A report from Pikeville brings the news that while a severe electric storm was passing over that section last night, Elijoh Cole, a negro farmer, living on the farm of Col. W. B. Fort, near Pikeville, was struck by lightning and instantly killed.

WHITEVILLE AFFAIRS.

Married in Florida—Woman's Strange Death—Other Notes.

(Special Star Correspondence.)

Whiteville, N. C., June 13.—News has reached this county of the marriage at Deland, Fla., of Mr. Paul Edward Powell, son of Mr. J. A. Powell, a former citizen of Fair Bluff, and Miss Nellie Waters, of Deland. The groom was born and raised in Columbus county and is a splendid young man. Miss Pearl Powell, of Fair Bluff, who attended the nuptials, and has spent some time visiting friends in Florida, is expected home this week, and also Mr. G. A. Powell and family, of Deland, who will spend the Summer at Fair Bluff.

One day last week a Mrs. Mulligan, who lives near Boardman, went fishing, and while near shallow water, she fell in. One of the woman's children who was with her jumped in and raised his mother's head, and did it so quickly she could not have drowned, but when dragged to the ground she was dead. It was supposed to be heart failure, and Mrs. Mulligan was probably dead when she fell into the water.

On Tuesday, June 20th, the singing class of Oxford Orphanage will give a concert in auditorium at Whiteville.

Col. A. F. Toon, adjuster for the Coast Line, received a telegram calling him to Jacksonville, Fla., to the bedside of his son, Mr. Arch Toon, who is very ill in a hospital there. Later news is that he is out of danger.

Last Sunday the thermometer in Whiteville registered 99 degrees, the hottest weather known in years. The rainfall that night was 2.2 inches.

Mr. Aubrey Smith, of Waycross, is now on a visit to his parents, Mr. and Mrs. D. L. Smith.——Mr. L. V. Grady left this morning for Raleigh, to attend the wedding of Miss Colbreth, Mrs. Grady's sister.——Mrs. West, of Wilmington, is on a visit to her parents, Mr. and Mrs. Charley Baldwin, of Whiteville.

Misses Maggie and Hazel McRachan are visiting friends at Chadbourn, Conway and Mrytle Beach.

Mr. Coy Formyduval, who owns 1,700 acres of land at New Brittain bridge, over the Waccamaw river, in Brunswick county, showed the Star's reporter samples of phosphate rock he found on his land. It is equal to the best Florida or Tennessee rock. Mr. Formyduval says it is found about six feet under ground, extends for miles, and the ledges appear to be about 25 feet thick. He says there are millions of tons of the deposit on his land and in the Excelsior section.

SECOND BODY RECOVERED.

Young Man Drowned With Another at Newbern Sunday.

(Special Star Telegram.)

Newbern, N. C., June 13th.—This morning a crew from the revenue cutter Pamlico and several others who were interested, went down to Wilkinson Point, the scene of Sunday's tragedy in which Mr. J. J. Wiley, of this city, and Mr. J. H. Morris, of Greensboro, lost their lives while attempting to swim across the channel and began a search for Mr. Wiley's body. Shortly before 11 o'clock, the grappling hook struck some object lying at the bottom of the river about 50 feet from the place that Mr. Wiley was last seen and his body was brought to the surface. The body was badly decomposed and was brought to this city and carried to H. W. Simpson's undertaking parlors, where it was embalmed and prepared for shipment to his home in Norfolk tomorrow morning.

The crew of the revenue cutter deserve much praise for their work in finding the bodies of these unfortunate men. Unceasingly they toiled from early Monday morning until the last body was found this morning and but for their efforts it is not probable that either of them would have been located for several weeks.

BOY FRACTURES SKULL.

Sliding Down Pole in Fire House at Goldsboro Yesterday.

(Special Star Telegram.)

Goldsboro, N. C., June 13.—A serious accident occurred in the city fire department headquarters this afternoon when young David Odum fractured his skull and is in a serious condition, though the doctors have hopes of his recovery. Young Odum, who is a son of Dave Odum, one of the drivers, was sliding down one of the poles leading from the engine room to the rooms of the drivers, when, in some way, he lost his balance and fell on the brick floor below fracturing his skull and cutting an ugly gash in his head. Though not out of danger, the doctors say they think the boy will live.

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for exernal application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

(Special Star Correspondence.)

Trinity College, Durham, N. C., June 12.—In the rush of crowding events one of the most important occurrences connected with the brilliantly successful commencement at Trinity College has been overlooked and that was the large attended and enthusiastic reunion of the class of 1896. This reunion was held in the rooms of the Commonwealth Club and was attended by 25 members of the class. The toastmaster was Dr. Bruce R. Payne, lately elected president of the Peabody College for Teachers at Nashville, Tenn., already an important institution and destined soon to be among the greatest of its kind in America. Everybody spoke, giving reminiscences of his life since leaving college. Great enthusiasm prevailed and the class raised $1,000 to be the first contribution to the endowment fund launched by the trustees at their recent meeting. This class has thus set a noble example which will doubtless be followed by many others.

EXPLOSION WAS FATAL.

One Killed and Six Injured at Albany, N. Y.

Albany, N. Y., June 13.—One man is dead, one is missing and six others are in a serious condition as the result of an explosion in the distilling room of the Albany Chemical Works on Van Rensselaer Island, this afternoon. Fire which immediately followed the explosion, destroyed the greater part of the plant, causing a loss estimated at $100,000, and threatened the plants of the Standard and Texas oil companies, where 4,000,000 gallons of oil and gasoline are stored.

The missing man is Frank F. Adams, superintendent of the works, who was seen to fall inside the burning building. John Flannigan, an employe, died from injuries.

The cause of the explosion has not been established, but it is supposed that a tank containing hundreds of gallons of aceton burst and detonated other tanks containing high explosives.

SHE SUFFERED FIVE YEARS

Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Erie, Pa.—"I suffered for five years from female troubles and at last was almost helpless. I went to three doctors and they did me no good, so my sister advised me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken only two bottles I could see a big change, so I took six bottles and I am now strong and well again. I don't know how to express my thanks for the good it has done me and I hope all suffering women will give Lydia E. Pinkham's Vegetable Compound a trial. It was worth its weight in gold."—Mrs. J. P. ENDLICH, R. F. D. No. 7, Erie, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

IT'S A SHOCK

when you first realize that your teeth are beginning to decay, but that is the time to see us and let us take care of them for you. We can save them for you if we are called while there is yet time. Our specialty is saving teeth, beautifying and strengthening them, and we do Dental work in all its branches in first-class style reasonably.

Reliable Laxative for Old People Given Free

Life is so arranged that there is a close resemblance between infancy and old age. By this is not meant the mental but the physical faculties. For example, the organ of digestion is the most difficult thing the child has to contend with, as it is that of the old person.

When a person gets past middle life his power of digestion decreases, and continues to grow weaker, and for that reason so many old people are habitually constipated. They try everything recommended from hot water to strong cathartics without avail. Now, if there is any one thing a person of advanced years should not take it is a cathartic. The bowels cannot stand it. What is required is a mild, gentle, non-griping liquid laxative.

You have it exactly as required in Dr. Caldwell's Syrup Pepsin, which stands today, after a generation, as the ideal remedy for old people, women, children and all others who require a mild, natural remedy. We could give the names of thousands of old people who use nothing else but Dr. Caldwell's Syrup Pepsin, among them Mr. A. A. Lewis of Bentonville, Ark., and Mr. Enoa Gilpin of Danville, Ill.

They first sent to Dr. Caldwell for a free sample bottle, which every reader is invited to do, and then, having tested it and found it satisfactory, they bought it of their druggist at fifty cents and one dollar a bottle. Their words of public praise should prompt the present reader to at least send for a sample bottle. It costs nothing. Results are absolutely guaranteed or money will be refunded.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

10c Ribbon & 39c Hats

Are Going to Bring Buyers To

GAYLORD'S

Store during this week. Why? Because the ribbon is the 5-inch taffeta (No. 120) in assorted colors, which always sells for 25c per yard, and this week you can buy it for 10c per yard.

And the HATS are the latest styles and the best materials, the regular market price of which is $1 to $3, and they will be sold this week for 39c.

Take a look, while in the store, at our line of Stern's Voile Skirts at $5.98 and up.

Chiffon Panama Skirts in the latest fad, $5.

A new lot of the most beautiful Persian Ribbon ever sold in this market will be marked and put on sale Monday.

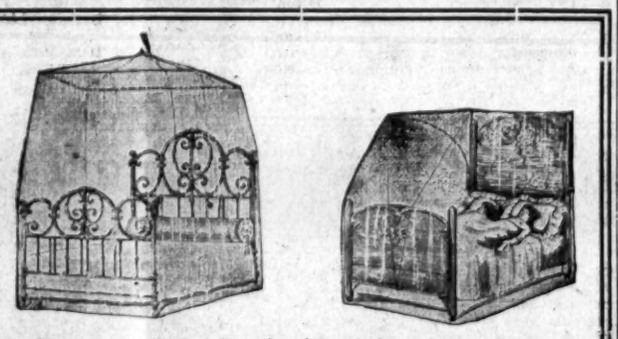
CHILD'S PANTS—Two to twelve years, with hemstitched ruffle and tuck, 10c.

Mosquito Nets, Hammocks, Porch Screens, Parasols; Umbrellas, Canvas Slippers, Sandals for men, ladies and children; Trunks, Valises, Suit Cases, Dress Goods, Men's and Boys' Suits and Hats.

$6.00 Panamas for $4.48.

All for cash, but you save 25 per cent. on every dollar you spend.

210, 212 214 N. Front St.



We have the kind of Canopies that attach to either wood or iron beds, or swing from the ceiling, complete with a net that stops Mr. Mosquito and turns him away hungry and disappointed. We also have a net that turns sand flies away.

See our Hammocks, Hammock Beds, Porch Swings and Settees. Bargains in Porch Screens.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, June 14, 1911.

"If I could do just what I wish,
I'd take six days a week to fish."
—Baltimore Sun.

We'll go along to wish and fish
If you'll supply just what we wish.

Many a man can't afford to join the "Don't Worry Club" till things quit going to the bad with the home team.

Of course, it's mighty nice to be polite, but no man should carry it so far that the other fellow will see that he is after his dollar.

A Boston girl has married an Indian, but we refuse to worry over the girl for it may turn out that the Indian has caught a Tartar.

The New York Telegram asserts that the fish hook is twenty centuries old. No doubt fish stories resulted in the invention of the hook, so the piscatorial prevaricators long antedated the hook.

The Mexican insurrectos who did the fighting will become dejectos soon as they see the Federal jbs being given to men who can yield the most influence. It is not always the fighter who wins the victory.

An Indiana man came very nearly drowning in a bath tub as a result of his excitement over his expected marriage. Probably the bath tub was doing its best to keep the prospective bride from putting her foot in it.

A lady at Columbus, Ohio, thoughtlessly boasts of having accumulated 125 umbrellas. The other ladies of Columbus will now get busy and pry around to find out if their missing umbrellas are in the collection. They may want to make her prove where she got those umbrellas.

Says the Norfolk Virginian-Pilot: "The prediction is safe that the Tariff Board will accomplish at least one result: It will spend all the quarter of a million dollars appropriated for its maintenance." It will also fail to accomplish its purpose—to lure public attention away from real tariff reform.

Speaking about Mr. W. E. D. Stokes, of New York, who was shot by two girls and was found wounded at the head of the stair landing outside their apartment, the jury probably will conclude that he must have been half shot before he got it into his head to climb the stairs to try to do something that called for the services of a lawyer. Some men never did know when it becomes economical to put their case in the hands of an attorney.

The Durham Herald remarks: "If Mr. Simmons thinks he can vote against the reciprocity bill and then come down here and explain it, that is his business." The thing may call for explanations on all sides, for explanations will surely be in order to explain why the farmers' free list was not attached to the reciprocity bill, if the free list wasn't sprung as a joke. It will be a campaign of plausible explanations or clever dodging on the part of several.

A Washington dispatch says the Hon. William J. Bryan is for Champ Clark, of Missouri, for President. "It is reported here," says the dispatch, "that Col. Bryan believes the next Democratic candidate for the Presidency should be a citizen of the West." The fact is, the Colonel has believed that way ever since 1906, and with one exception all of the party's Presidential nominees have been Col. Bryan, of the Western State of Nebraska. Really, it is not so much where the candidate is from just so the voters are not "from Missouri."

SOUTH'S COTTON OIL CINCH.

The meeting of the Inter-State Cotton Seed Crushers' Association in New York, June 7th, 8th and 9th, gave an immense amount of publicity to this strictly Southern industry. It was the fifteenth annual convention of the Association and the fact that these Southern oil manufacturers were invited to the American metropolis and entertained by the second city in the world, indicates what a great industry it is recognized to be.

Many notable addresses were delivered on this occasion, among the speakers being President Taft, who addressed the cotton oil men with particular reference to the effect of reciprocity with Canada on the exportation of oil into that country. Under the reciprocity treaty cotton seed oil will be admitted into Canada free of duty. Canada in 1905 took about $250,000 of the products of the South's oil mills but Canada's taking has grown to about a million dollars during the past year. The President directly appealed to the business men of the South to come to the support of reciprocity because of the advantages the cotton belt will receive through it.

"President Taft," says the Oil, Paint and Drug Reporter, of New York, in a splendid report of the convention, "scored the character of the opposition severely and showed that he considered it little short of treachery to the country and to the country's executive. It is needless to say that the convention endorsed his stand most heartily, both by the applause of the members and the adoption of the formal resolutions."

Of course, the cotton seed oil men cannot be blamed for wishing to extned their business into Canada and elsewhere throughout the world, but we hope to live to see the day when the South's cotton seed products will be turned into the finished products at home and exported as such, instead of being sent abroad in the crude and raw state to make more profitable industries for the countries which take this class of the South's exports.

It has not been so very long ago since the Oil, Paint and Drug Reporter, one of the ablest and most authoritative of American publications, spoke along this very line, and expressed more or less wonder that the South did not reap the full benefit of an industry which it could monopolize by reason of its having the advantage by nature. We produce the cotton and the seed, we manufactuer the crude oil, and here in the South is the place to refine it and manufacture whatever of its other products the world demands. The Oil, Paint and Drug Reporter agreed with the Star upon that proposition and it but bears out the contention that we have always attempted to emphasize—that where the crude or raw material is produced, right there is where it should be converted into the finished products. Some day in the South we may catch on to the gospel truth there is in this.

A few days ago Wilmington organized the National Wood Distilling Company to manufacture pine products, and we can best emphasize what we mean by saying that right here in Wilmington is where that factory should be located, because of the potent reason that it is here where the crude and raw material is produced. It would be as illogical to ship away crude and raw pine to some other countries to be manufactured as to ship away our cotton oil to be converted into products worth several times more than the South gets for it in the first process of manufacture.

We of the South ought seriously to turn our attention to this important matter of utilizing our crude and raw material at home, and when we do we will not be looking all over the country for industries to come to our cities and locate. If we but utilize our own resources we can build factories of our own, and to tell you the truth, there are but few Southern cities which haven't done that very thing instead of waiting for the other fellow.

HOUSTON'S PUBLICITY.

Probably very few readers in the United States have failed to run upon Houston publicity, since it goes out to the newspapers all over the country under the Houston date line. The stories are readable and attractive, and they have been so seductive as newspaper stories that publishers all over the country have printed a number of them for the real value and interest they contain. The Texas city's publicity goes out from its own news bureau, and it has proven to be the most extensive and economical advertising that a city can get. Of course, that method is not peculiar to Houston, but has been adopted by numerous cities as the best method for accomplishing results at a minimum of expense. Speaking a word of praise for the manner in which the Houston Chamber of Commerce has advertised the city, the Houston Chronicle says:

"It is difficult, if not impossible, to overestimate the value of the Chamber of Commerce to Houston. It is the organized and authoritative representative of the business men of Houston, and speaks for them and represents their interests as their chosen mouthpiece and agent. Responsibility for the promotion of the commercial interests of every city must rest somewhere, and the difficulty of securing effective work when responsibility is diffused and unlocated, makes such organizations as the Chamber of Commerce a necessity, and this truth finds daily illustration in the work of that body. It has, in a marked degree, extended its field of service and sphere of operations within the past year, and has made the fame of Houston co-extensive with the limits of the nation, and has carried it even beyond the seas. It has conducted a systematic campaign of advertising, which has proved that printers' ink and progress are synonymous with relation to a city as truly as with relation to any business enterprise. The difficulty of phrasing advertisements as to Houston has been not so much in finding what to say as in refraining from overdrawing the picture. Her environment as to the agricultural possibilities of the territory tributary to her; her railroad facilities; her advantage in the matter of freight rates; the climatic conditions of her location; her schools, her water supply, and last, but by no means least, her admirable form of municipal government, constitute a combination of attractions unequaled by those possessed by any city in the South. These advantages, natural and artificial, the Chamber of Commerce will use to the best advantage possible, and should be supported by the moral and financial assistance of all the business interests of Houston. United Houston means Greater Houston."

"EXCITEMENT IN WILMINGTON."

The Charleston News and Courier is re-publishing some interesting war news of the exciting period of 1861-1865. It consists of dispatches taken from the old Charleston Courier of different dates, and our esteemed hyphenated contemporary is now reproducing these old dispatches under the heading of "The War Day by Day." The News and Courier has been doing this for some time and the revival of this war news actually is giving the reader the opportunity of reading the news just as it appeared when the country was in the midst of a titanic conflict that startled the world. From among the dispatches which appeared in the Courier of June 11th, 1861, was this from Wilmington, headlines and all:

From North Carolina.

Excitement in Wilmington—Tenders of Aid to the Governor—Ratification of the Confederate Constitution.

Wilmington, N. C., June 10.—Some little commotion was created here yesterday by a report that the Federal troops had landed in force on the coast. It is believed today, however, that the report proceeded from the approach of the Federal vessels on the blockading expedition. The excitement has subsided.

The Raleigh, N. C., Standard learns that nearly 200 companies of State volunteers have tendered their services to the Governor.

The Constitution of the Confederate States has been ratified unanimously by the State Convention.

Note the rude and wild rumors that constituted part of the war news of that day. The people were constantly alarmed and set by the ears by all sorts of rumors, and it can well be imagined that every day, and Sunday, too, was full of excitement during those trying days. Wild rumors, however, were the least trying, for the dread reality was fully experienced as the tide of war rolled on to its dreadful climax at Fort Fisher in January, 1865, when, so far as Wilmington is concerned, it was all over but the mourning.

Sign of the times: A Wilmington darkey steering for home with a 50 cents watermelon instead of a 5 cents cabbage head.

The appeal of President Taft for the Democrats to stand by his reciprocity agreement shows that he is overboard and Republicans won't throw him the calf rope.

CURRENT COMMENT.

Senator Simmons, of North Carolina, has at least one thing in favor of his re-election. Marion Butler is opposed to his return to the Senate.—Norfolk Virginian-Pilot.

Ex-Governor Robt. B. Glenn has announced that he will support ex-Governor Charles B. Aycock in the latter's race for a seat in the United States Senate now occupied by Hon. F. M. Simmons.—Greensboro Telegram.

It is reported that the bank in Chicago Lorimer proposed to take charge of was debarred therefrom by the clearing house. Why not let that clearing house do the investigating of the United States Senate?—Jacksonville Times-Union.

Mr. Taft's appeal to the personal interest of the cotton seed men may shock the unduly sensitive, but he is not the man to avoid plain speaking when it is required. Also there is no question of the appeal to personal interest in the opposition to reciprocity.—Pittsburg Dispatch.

An Illinois Congressman inserted in a speech of his printed in the Congressional Record "loud and continued applause followed by handshaking." As a matter of fact, nobody applauded and nobody shook his hand. But what of it? There is a Congressional license just as there is a poet's.—Richmond Times-Dispatch.

Southern women do not use rouge and paint. A globe trotter tells the San Francisco Call that the Northern American heiress and the Northern American shopgirl of today paint "as unblushingly as the savage wears her nose ring, the odalisque her kohl, the tropical female her beetle skinstain." The women in Chicago, he says, paint, powder and blacken, with an attempt at concealment. "In the South it is done very little, and say, in Maryland scarcely at all," is the welcome testimony of the cosmopolitan. Of course, they do not—they are naturally beautiful.—Savannah News.

It is interesting to note that during the meeting of the State Medical Society in Charlotte next week, 19-20, a conference will be held of county and municipal health officers of the State for the purpose of organizing a State public health association. Any step that looks to the conservation of the public health is of supreme importance. It is to be hoped that the board of health of Robeson county will see fit to send the superintendent of health of this county to this meeting and defray his expenses. No other work yields such large returns as intelligent public health work.—Lumberton Robesonian.

Minority Leader Mann and others of the Republican Old Guard in the House but emphasize the real cause of their opposition to the Underwood bill when they denounce it on the ground that there is no force in the argument that the condition of the National Treasury renders it necessary that a revenue from wool be continued. If a revenue from this source can be dispensed with, certainly there is no reason why the existing spoliary duties on the clothing and blankets of the American people, should be maintained. The substantial reduction made in these duties under the Underwood bill is what and the only thing that arouses the opposition of Mann and his fellow standpatters. Their concern is for the Woolen Trust, not for the public treasury nor the wool and woolen industry.—Norfolk Virginian-Pilot.

It will be a long time before Senator Rayner's eulogy of the Ex-President will be forgotten. We imagine that no one will laugh more heartily over it than the Colonel himself, who is not without a well-marked vein of cynicism. Mr. Rayner had very much the same experience with Col. Roosevelt that Senator Tillman had, but while the South Carolinian took the matter seriously, and there were unpleasant and threatening references to veracity, the Marylander touches in a light vein, but with biting sarcasm, on the occasion when Col. Roosevelt pledged himself to "die," legislatively, with Senator Rayner, but when the latter kept his part of the suicide pact he found himself alone and Roosevelt waving aloft his sword and leading on the opposition. A man with a thin skin or a nice sense of honor would squirm under Mr. Rayner's exposure, but Theodore Roosevelt will not; he will grin over the speech and say it was "bully."—Philadelphia Record.

JAIL DELIVERY IN NASH.

Three Prisoners Make Their Escape at Nashville, N. C.

(Special Star Telegram.)

Nashville, N. C., June 13.—Three negroes, Arthur Taylor, John Sample, both charged with larceny, and J. B. Little, charged with burglary made their escape from the Nashville jail last night. Part of the newly installed plumbing was wrenched away and the Sample boy crawled through the hole and let the other two prisoners out, breaking a lock to the cell door. Sheriff Johnston is offering a reward for their capture. Little was from Sucolk, Va., and is about 24 years of age, ginger cake color, weighs 167 pounds and has several upper teeth missing.

LORIMER CASE NEXT WEEK.

Hearing of Testimony Will Begin On Thursday Before Committee.

Washington, June 13.—The hearing of testimony in the Lorimer case will begin Thursday, June 22nd, according to an announcement made today. The first witnesses had been asked to appear on next Monday, but Mr. Lorimer went before the committee today and asked for a postponement because former Judge Eldridge Hanecy, his counsel, cannot be present at that time.

The committee has practically decided to engage two attorneys. One of the places will be tendered to John J. Healey, of Chocago, who represented the State of Illinois in the Helm inquiry.

NO ONE KNOWS

In Recent Letter, Mrs. Wilkerson, of Lynchburg, Says No One Knows What She Had to Suffer.

Lynchburg, Va.—"I am now feeling better than I have for several years," writes Mrs. Ellie Wilkerson, of 406 Pearl Street, this city.

"No one knows what I suffered, as a result of female weakness.

"Since taking four bottles of Cardui, I feel stronger and better than I have in some time past. I shall always praise Cardui, to all of my suffering friends."

The strength-giving properties of Cardui is not the result of powerful druggery, but of its gentle, natural, building action, on the womanly organs.

Cardui is not a stimulant, but a mild and effective tonic remedy, that, through fifty years of success, has been proven to have a merit, that is all its own.

Cardiu is prepared principally from the extracted medicinal principle of a plant grown in Southern Europe, not mentioned in the pharmacopeia, imported direct by the manufacturers and combined with other ingredients, to form a scientific medicine, that brings results.

Try Cardui.

NOTE—The Cardui Home Treatment for Women consists of Cardui ($1), Thedford's Black-Draught (25c.), or Velvo (50c.), for the liver, and Cardui Antiseptic (50c.). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Vacation & Hot Weather Needs

You will find just the thing you have been looking for for your comfort and convenience to take with you on your vacation, if you visit Rehder's Big Store on Fourth Street.

OXFORD SINGING CLASS.

Something of Their Trip Through This Part of State.

Oxford, N. C., June 12.—The Singing Class from the Oxford Orphanage has started on its second tour. The demand for the splendid entertainment which these children give has grown so much that it has become necessary to have the tour of the State divided into three trips instead of two, as has been the case for some years past. This enables them to take two resting spells instead of one, which makes the work much easier on them.

The first trip, which was confined to the northeastern and piedmont section of the State, was a most successful one, and the children's entertainment received most flattering compliments at every point visited. In fact, it is said that the invitations which come on, begging for a visit of the children, are so numerous as to make it, at times, not a little embarrassing to the management, to know how to accept all of them. This is so much the case that after every effort is made by the management to show their appreciation of these invitations, some places have to be left out.

This is a noble cause and worthy of the help of all good people, but these concerts will give value received to all who pay to hear them.

THE BANKERS' ASSOCIATION

Fifteenth Annual Convention at Lake Kanuga, Hendersonville, N. C., June 21st to 23rd—Interesting Programme.

Local and other bankers throughout the State will be interested in the announcement of the programme for the 15th annual convention of the North Carolina Bankers' Association to be held at Lake Kanuga, Hendersonville, N. C., June 21st to 23rd, which promises to be largely attended and most enthusiastic.

The convention will assemble on Wednesday evening, June 21st, at 9 o'clock, in the assembly hall of Loke Kanuga Club, Mr. W. C. Wilkinson, of Charlotte, the president, in the chair. Following the invocation the address of welcome on behalf of the Lake Kanuga Club will be delivered by Mr. J. L. Chambers, of Charlotte. On behalf of the city of Hendersonville the address will be by Mr. W. A. Smith, president of the Wanteska Trust & Banking Co., while the response will be by Mr. Jos. G. Brown, president of the Citizen's National Bank, Raleigh. These preliminaries will be followed by the annual report of the president and of the secretary and treasurer, Mr. W. A. Hunt, of Henderson. After announcements adjournment will be had and a reception will be given to the bankers and guests.

The convention will be called to order Thursday morning at 9 o'clock with roll call and reading of the minutes, after which the report of the delegates to the American Bankers' Association last year at Los Angeles Cal., will be made by Mr. H. C. McQueen, president of the Murchison National Bank, Wilmington, N. C.

Following the reports of standing committees on Bills of Lading, Legislation, Group System and Torrens System, the first set address of the convention will be heard, "The New South," by Mr. Caldwell Hardy, president of the Norfolk National Bank, Norfolk, Va.

"The Southern Banker in Southern Development," will be the subject of another interesting address by Mr. Lewis W. Parker, president of the Parker Mills, Greenville, S. C.

"The Need of Revising the Banking Laws of Our State," will be the subject of still another address at this session, by State Bank Examiner J. K. Doughton, of Raleigh.

Following the appointment of committees on Resolutions, Nominations, and Auditing, there will be a recess and in the afternoon members of the Association and guests will go for a complimentary drive through Hendersonville and Flat Rock as the guests of the bankers of Hendersonville.

Thursday evening at 8:30 o'clock the Association will hear an address, "Proposed Banking and Currency Legislation," by Hon. Edward B. Vreeland, vice chairman of the National Monetary Commission, after which a complimentary dance will be given by the Lake Kanuga Club.

Friday morning at 9:30 o'clock there will be four addresses by prominent bankers as follows:

Address: "The Work of the American Bankers' Association," Mr. T. R. Preston, president Hamilton National Bank, Chattanooga, Tenn.

Address: "The Guaranty of Bank Deposits," Mr. J. D. Walker, Sparta, Ga.

Address: "Some fundamental Principles Underlying the Commercial Development of the Piedmont," Mr. W. S. Lee, Jr., vice president Southern Power Co., Charlotte, N. C.

Address: "Atlanta Plan of Collecting Out of Town Items," Mr. W. A. Blair, vice president People's National Bank, Winston-Salem, N. C.

Friday afternoon at 3:30 o'clock the Association will give consideration to new business, reports of committees, motions and resolutions, election and installation of officers and adjournment for a banquet to be given by the Lake Kanuga Club beginning at 8 o'clock.

The officers of the Association are as follows:

President—W. C. Wilkinson, cashier Merchants' & Farmers' National Bank, Charlotte.

Vice Presidents—J. C. Braswell, president Planters' Bank, Rocky Mount; Leake S. Covington, cashier Farmers' Bank, Rockingham; Geo. A. Holderness, president Farmers' Banking & Trust Co., Tarboro.

Secretary and Treasurer—W. A. Hunt, cashier Citizens' Bank, Henderson.

Assaulted Schooner's Captain.

Charged with assault upon the captain of the schooner Linah C. Kaminski, discharging coal to the Springer Coal Co., Oscar Olsen, a big Norwegian sailor, was arrested late yesterday afternoon by Deputy Sheriffs Kelly and Temple under a warrant from Justice Harriss. Olsen had retired to his bunk to sleep off the effects of an unusually lurid drunk and was rudely awakened by the officers with the warrant. The giant Norseman offered resistance. He was so enraged because his slumbers had been disturbed that he fought viciously until finally subdued by blows from the officers. In addition to the charge of assault Olsen will have to answer to resisting arrest. He was lodged in the county jail to await hearing today. It is understood that another sailor is also charged with assault in connection with the same affair, but he had not been arrested yesterday afternoon.

Pleasant Outing at Beach.

Carolina Beach, one of the delightful seashore resorts around Wilmington, was in charge yesterday of members of the Sunday School, of Grace Methodist Church and the party had a most pleasant time. A large number went down on the 9 o'clock boat and a great many others left on the afternoon boat, there being all told several hundred people to visit the resort during the day. It was one of the most delightful of the several outings to the beach already this season.

Vitagraph production—Grand Theatre today. **

COUNCIL HEARS COMPLAINTS

Sharp Colloquy Between Councilmen and Citizens When Sidewalk Ordinance Was Considered—Mayor Restores Peace.

Had yesterday been set aside by the City Council as the day upon which to receive complaints from the citizens in general, it is doubtful if the regular session in the afternoon would have been any more largely taken up with the hearing of citizens who thought they had a grievance against those in chage of the affairs of the city. Council did not get any further under the regular order of business than "communications," under which head is also classed "complaints," with the exception of re-electing Capt. Edgar D. Williams, harbor master and Mr. R. H. Grant plumbing inspector.

It was the recent decision of the Council to enforce to the letter the ordinance prohibiting the use of any portion of the sidewalk for the display of goods, wares or merchandise which caused the bulk of complaints to be registered and one of the delegation stated after the meeting that unless he is allowed to display his wares on the sidewalk in front of his store he will resort to the Superior Court to at least see that the telephone, telegraph and electric light companies are "fed out of the same spoon." A committee from the Wilmington Retail Merchants' Association was present and during the hearing there was a sharp colloquy between Councilman M. G. Tiencken and Mr. J. M. Solky, the well-known clothier, the latter being later rebuked by the Mayor, whose interference caused peace to be restored in the meeting.

Mr. Solky appealed to the Councilmen as business men to give the merchants the privilege of using 2 1-2 feet of the sidewalk for the display of goods, which has been allowed by the previous administrations. He said that he was willing to give $10,000 bond to idemnify the city. Councilman Tiencken remarked that in order to grant the privilege he would have to violate his oath of office, which the Aldermen did in allowing the use of the sidewalks. He said further that the citizens wanted a change of government in order that the law might be enforced and were even afraid to vote for him (Mr. Tiencken) because they were afraid he would not favor law enforcement, "yet you," looking directly at Mr. Solky, "come here and ask us to violate the law." Mr. Solky disclaimed any such purpose on his part, his object being the best interests of the city. Councilman Tiencken replied that anyway he would not vote for the repeal of the measure. Mr. Solky retorted that he did not expect favorable consideration of the proposition from Mr. Tiencken, who had already made up his mind and so expressed himself in a private conversation a few days ago. There was a rapid exchange of words across the table, both talking in rather loud tones. Mayor Smith quieted the troubled watres. He told Mr. Solky that he was making a mistake in talking so loud at the meeting; that he rather hurt his cause. The Mayor said that it was the idea to have the meetings of the Council conducted quietly and there was no cause for any excitement at any of the sessions.

Following quickly was a thrust at Councilman Tiencken by Mr. R. E. Blake, the well known hardware dealer on Market, between Water and Front, who answered the remark of the former made earlier in meeting that the ordinance effected him (Councilman Tiencken), like it does the rest of the merchants as he is in the mercantile business. Mr. Blake said that Councilman Tiencken did not suffer to the same extent as other merchants as he was drawing $1,900 a year from the city. Mayor Smith told Mr. Blake that he would have to cut out the personalities or take his seat. Mr. Blake did not carry the matter further. Earlier in the meeting Mr. Blake asked why it was that if the Council has not the authority to grant the use of a portion of the sidewalk, it can say that people in vehicles and automobiles on the streets must drive to the right side. The Mayor answered by saying that the driving ordinance was handed down from the old administration. Mr. Blake was present as an individual merchant and not as a member of the association.

President A. M. Hall, of the Retail Merchants' Association, first addressed the Council on the sidewalk ordinance, appealing to the body in behalf of the small dealers, not those who compose the association, to take some action which would permit the use of a small portion of the sidewalks for the display of their goods and merchandise. Mr. Hall made it plain that so far as his own business is concerned the action of Council on the ordinance is immaterial and that his reason, and the reason of the other members of the delegation in appearing, is because the business of the small dealer has been greatly interfered with through the operation of the law. City Attorney Herbert McClammy again gave his opinion of the matter, that the Council has no right to grant to the merchants the use of any portion of the sidewalk; that they would be violating their oaths of office should they not adopt and urge the enforcement of a law prohibiting the use of the sidewalks for the display of goods, wares and merchandise, since no provision for this is made in the charter.

Mr. Hall said that the association had two more requests to make of the Council. First, that no carnivals be permitted to exhibit in Wilmington unless they pay the full amount of taxes on each show; second, that the city employes be required to pay their bills, as they have been required to do by previous administrations. It was explained by members of the Council that it had already been decided to require the payment of the full amount of taxes from carnivals and that as to the city employes it was the sense of the Council that they pay their bills.

Mr. J. S. Raymos appeared before the board and asked for the payment of a Victor typewriter and typewriter desk which he sold the city on May 26th last. He stated that because a connecting wire of the typewriter was thrown out of commission in transit the machine had been refused by the Street Department and he was not given an opportunity to adjust the machine or place a new one before the old one was returned to him. He claims that the city is due him $90 for the typewriter, and $30 for the desk. Mr. Ramos talked so loud that he was twice requested by the Mayor to lower his voice. In conclusion he gave notice that unless the amount is paid within 24 hours he will bring suit. The matter was referred to Councilman P. Q. Moore, in charge of the Street Department.

The bill of former City Engineer Humphreys for $178.33 as salary for holding over until his successor was elected, was not allowed. The city attorney was instructed to notify what was formerly the firm of Lucas, Rapalje and Humphreys to furnish the city with blue and brown prints of the sewerage system, which they were employed to survey and make report upon during the former administration.

The meeting yesterday as presided over by the Mayor and all members in attendance; also City Attorney McClammy and Tax Collector, Col. Chas. H. White, who acted as clerk in the absence from the city of Capt. Thos. D. Meares.

MORE MISTRIALS LIKELY

Juries in Cases of Bradshaw and Kennedy Unable to Reach Agreement—Mistrial in the Jones Case Yesterday.

The Recorder's court was engaged practically all of yesterday in a continuation of the hearing in the "blind tiger" cases. Between 9 and 10 o'clock yesterday morning the jury in the case against Thomas Mask Jones, colored, reported that after deliberating since the afternoon before it was unable to agree, and a juror was withdrawn and a mistrial ordered. Two juries spent last night at the Court House, one in the case against John Bradshaw and the other against Ralph Kennedy and it is likely that a mistrial will result in both.

This was the second trial of Jones. He was tried about ten days ago on the charge of selling whiskey and the hearing resulted in a mistrial. It is likely that a nol pros will be taken by the State in the two cases against him.

The testimony in the case against John Bradshaw, charged with violating the prohibition law, was closed at Monday's session, but after reading in The Star a brief synopsis of his evidence, Mr. Ed. Morris, with whom the defendant boarded, asked to be allowed to set himself right before court as to what he testified to at Monday's session. This was granted. He said that he testified that he himself was at home Sunday, Monday and Tuesday, but made no reference to Bradshaw, whom he said was in and out of the house during those three days. Bradshaw, he said, was feeling badly, but was not sick enough to be confined to the house. Mr. Morris said that the attorneys evidently thought they were asking him if Bradshaw was at home Sunday, Monday and Tuesday, when as a matter of fact, they were asking if he (Morris), was at home on those days, or at least he understood that the question related to him and not to Bradshaw.

The Bradshaw case went to the jury about noon, following argument of counsel. The jury retired at 11 o'clock last night without reaching a verdict and it is not likely that an agreement will be reached this morning. It was reported on the streets early last night that the jury was 3 to 4 in favor of conviction, and that there would probably be no change in the division. The jury is composed of J. P. Howell, W. A. Penny, L. W. Baggett, G. W. Penny, L. M. LeGwin, E. G. Conway, R. H. Brady, E. E. Kerr, J. W. Overby, C. H. Keen, J. F. King and J. F. Russ.

The case against Ralph Kennedy, charges him with the sale of a half pint of whiskey to Joe Hobbs on the 26th day of May He and Former Patrolman A. A. Nelms were the principal witnesses for the State as to the sale of the whiskey, while Chief of Police Fowler testified that the records show that Kennedy has a United States license to sell whiskey from June 29th, 1910, to June 30th, 1911. The case was given to the jury after 6 o'clock. The defendant was represented by Hon. Jno. D. Bellamy and Woodus Kellum, Esq., while City Attorney Peschau and County Attorney Marsden Bellamy appeared for the prosecution. It was rumored early last night that the jury stood eight to four in favor of conviction, and later on in the night a report was heard that a late poll showed the jury stood 11 to 1 in favor of acquittal. The following compose the jury: M. F. Croom, W. J. Bradshaw, C. H. Daniels, E. K. J. Fuchs, D. J. Joyner, H. E. Peterson, C. G. Williams, Chas. Craig, J. H. Sumlin and D. M. Beardsley.

Both juries were in charge of Deputy Sheriff A. L. Kelly for the night. He also was in charge of the jury Monday night.

It is understood that the jury in the case against the negro Jones stood 10 for conviction and two for acquittal. The two who favored acquittal are said to have been Mr. Wm. Gregerson and Mr. Geo. Hutaff, who, it was also said, could not vote for conviction because they had been at the place on corner Water and Red Cross streets any number of times and had never seen the negro there.

Hookworm Exoerts Here.

Dr. C. L. Pridgen, an expert connected with the Rockefeller Commission for the Treatment of Hookworm, was in the city Monday, leaving yesterday morning for Columbia, where, it is stated, a field hospital will be established for the treatment of those affected with hookworm. Dr. Pridgen has many friends in Wilmington who were glad to see him again.

THE ODD FELLOWS' MEMORIAL

Local Lodges Hold Service in Memory of Members Who Have Passed Away During Past Year. The Address.

In memory of members who have passed away during the past year, the four local lodges of the I. O. O. F.—Orion, Wilmington, Hanover and Cape Fear—held a memorial service in the assembly hall of the Odd Fellows' building, corner Third and Princess streets, last evening, beginning at 8:30 o'clock. Owing to the extremely warm weather the attendance was not what had been expected, but otherwise the service was all that could be desired.

Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church, made the address of the occasion. Mr. Whitlock took as his theme the universal obligation of man to his fellowman, saying that while all Odd Fellows should live up to the special duties and obligations of the order, there was yet a higher and nobler obligation to be fulfilled in carrying out the principle of true brotherhood and universal love and sympathy for humanity. The speaker said that the order which does not recognize this obligation deals a positive injury to mankind and fails to exemplify the teachings of Christ. He argued that an order, in caring for a sick and suffering member, only fulfilled a business contract, but that the fraternity that went farther and lent a helping hand to a needy one not a member of the organization, fulfilled a moral contract with God and emulated the teachings of the Master in the spirit of true love and charity, and this, he said, was the chief glory of Odd Fellowship. Mr. Whitlock closed by citing the parable of the Good Samaritan and earnestly admonished the members of the order to "Go thou and do likewise."

A splendid musical programme was rendered, including delightful solos by Miss Estelle Thomas and Miss Carrie White and an unusually fine number by a male quartette, composed of Mr. Frank McCravy, first tenor; Mr. Roger Schulken, second tenor; Mr. Leslie L. Meredith, baritone, and Mr. Robert C. Ruark, basso.

To the memory of the following members, who have died during the past year, the service was held: Cape Fear Lodge, No. 2.—Past Grand William Goodman, died April 3rd, 1911; Mr. I. J. Sternberger, died April 11th, 1911. Orion Lodge No. 67.—Past Grand Charles D. Morrill, died August 10th, 1910. Wilmington Lodge, No. 139—Mr. James Hal Boatwright, died January 26th, 1911; Mr. Duncan Timothy McCulloch, died March 18th, 1911. Hanover Lodge, No. 145.—Mr. T. F. Tyler, died October 21st, 1910; Past Grand J. O. Wiggs, died March 29th, 1911. The service was also a memorial to Past Grand C. F. Lumsden, of Raleigh, and a trustee of the Odd Fellows Home, who died December 30th, 1910.

The following are the officers who presided at the service: N. G., M. W. Jacobi; V. G., W. H. Howell; P. G., J. H. Swinson; Chaplain, W. L. Smith; R. S. N. G., S. G. Hall; L. S. N. G., W. L. Smith; R. S. V. G., J. L. Littleton; L. S. V. G., D. Rountree; Conductor, W. H. Yopp; Warden, J. E Silvia; L. S. S., T. G. Landen; R. S. S., A. F. Walton; Secretary, L. W. Moore.

The committee from the Rebekah degree was composed of Mrs. A. T. Parker, Mrs. Fannie Branch, Mrs. S. F. Garrison and Miss Eleanor Taylor.

The exercises were brought to a close by a prayer by the chaplain, W. L. Smith, Esq., and the singing of the Odd Fellow's ode.

SAVES SYRIAN'S LIFE.

Mr. John Conway Rescues Drowning Man at Lumina.

While surf bathing at Lumina Sunday afternoon Mr. John Conway, who holds a position at the Atlantic Inn, Front and Red Cross streets, probably saved the life of Willie George, a Syrian, from Rocky Point, who had gotten in over his depth and, being unable to swim, was rapidly going out with the tide.

Mr. Conway noticed the man because of his struggles, but thought at first that he was merely playing in the water. While only a short distance out, the man seemed to be in a hole for the water was over his head. When Mr. Conway realized that the man was in need of help he immediately swam to his assitance, but before he could reach him George gave up his struggles and sank. Mr. Conway dived and caught the Syrian by his bathing suit, supporting him on the surface while several other bathers swam to him and helped get the man ashore. Lacking a barrel over which to roll George, one of the spectators volunteered and the man was soon resuscitated. He could speak very little English, but he managed to make it clear that it was the first time he had ever been in the water, that he could not swim and that he would not go in again soon. He tarried only long enough to exchange his bathing suit for his street clothes, and then bade the scene of his exceedingly close escape a hasty adieu.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: C. McD. Davis and L. W. Moore and wife to Thos. L. Vines and wife, for $100 and other considerations, lot on north side of Dawson, 66 feet west of Seventh, 33x66 feet in size; Dr. Morris M. Caldwell and wife to Hugh MacRae, for $100 and other considerations, 26.8 acres in Harnett township, on car line, adjoining lands of Hanke Bornemann and Mabel Bornemann and others; E. R. Ellis and wife to T. V. Moore, for $100 and other considerations, lot on west side of Fourth, 79 feet south of Dawson, 53x66 feet in size; E. G. Carrier and Catherine Carrier, of Scott's Hill, to R. A. Carrier, for $500 and other considerations, 200 acres of land on west side of Wilmington and Newbern, near the stone road crossing, adjoining lands of W. B. Canady and others.

Mr. and Mrs. Tally.

BOYS' BRIGADE INTO CAMP.

Soldier Boys to Have Encampment on July 3rd to 15th—Basketball.

Members of the three divisions of the Boy's Brigade are making preparations for the annual encampment of the organization which will be held at Southport from July 3rd to 15th. The attendance will very likely be larger this year than usual and the soldier boys are looking forward to the outing with great interest. The boys of Company C (the Junior division), will go into camp Monday, July 3rd, and remain until the morning of the 7th, when they will return to the city. Their places in camp will be taken by members of Companies A and B. Captain Alonzo J. Burriss will be in chare of Company C while it is in camp.

The senior companies will be in camp seven or eight days and the period will doubtless prove highly enjoyable socially as well as instructively and beneficial from a military standpoint. Capt. Wilbur Dosher will be in charge of Company A and Capt. Simon Branch in charge of Company B. Col. Walker Taylor, founder and at present commander of the organization, will be in camp as will also Mr. Chas. Dushan, the general secretary.

The Stags, the basketball champions of the Brigade, were awarded the handsome Honnet cup at a meeting of the organization Monday night. The cup was presented by Chas. C. Loughlin, Esq., himself a member of the Brigade, in a well-worded speech, and was accepted for the Stags by Captain Ernest J. Irving. The trophy is one that the lucky team may well be proud of and will be placed on exhibition in the armory, where the members and visitors may see and admire it.

Four teams composed the Brigade league and an unusually fine series of games was played through the eight weeks following Christmas. The Honnet jewelry establishment announced at the beginning of the season that it would present the winning team with a handsome trophy and all the teams entered into the race with enthusiasm and determination, the Stags winning out after a close contest. The victorious team is composed of the following men: Ernest J. Irving, captain; Bruce Cameron, F. D. Fick, Charles Davis and Ralph Sholar.

"IMMORTAL SIX HUNDRED."

First Contribution for Monument Fund Received from Goldsboro.

The Star on Sunday carried the story of an effort being made to erect a suitable monument to the dead and living comrades of "The Immortal Six Hundred," Confederate soldiers, prisoners of war, who were confined in the stockade on Morris Island, S. C., under fire of their own guns shelling that island and who were subsequently starved on rations of rotten corn meal and onion pickle at Fort Pulaski, Ga., and Hilton Head, S. C., by order of the United States Secretary of War. It was stated that this paper would be glad to receive contributions for the monument fund and would acknowledge and forward them through the proper channels. The first contribution comes from Mr. G. W. Brinkley, Private Co. B., 16th Virginia Regiment, Mahon's Brigade, who writes from Goldsboro enclosing $1 as follows:

"Goldsboro, N. C., June 12th, 1911.
"Editor Star.

"Dear Sir:—I want to contribute my mite to perpetuate the memory of the Immortal Six Hundred. It was my misfortune also to have been confined at Fort Delaware about that time. Enclosed you will find $1.00 which you will forward through proper channels.

"Yours,
"G. W. BRINKLEY,
"Private Co. B, 16th Virginia Regiment, Mahon's Brigade."

SOCIAL & PERSONAL

Mr. and Mrs. L. W. Davis and little daughter left Monday for an extended trip through the mountains of Western North Carolina.

* * *

Friends of Miss Lucile Polvogt will regret to know that she is confined to her home on South Front street by a slight attack of fever.

* * *

Yesterday's Raleigh News and Observer: "Miss Jennie Corbett, of Wilmintgon, and Miss Ellen McPhaul, of Mount Olive, arrived in the city yesterday to attend the Page-Culbreth wedding tomorrow.

* * *

Mr. Joseph H. Hinton and family have removed to Wrightsville Beach for the Summer and are occupying Cottage No. 120. Nearly all the cottages on the beach are now occupied and there is an insistent demand for more.

* * *

Miss Lucy McIntosh has been secured by the Music Club of St. Andrew's Presbyterian Sunday School as musical instructor. Miss McIntosh is an accomplished musician and the club is to be congratulated upon obtaining such an efficient teacher.

* * *

The Ladies' Aid Society of the Christian Church will run an all-day excursion to Carolina Beach Friday of this week and a pleasant time is assured all who will take the trip. Special attention will be paid to ladies and children. The boat will leave at 9 A. M. and 2:30 P. M. The public generally is cordially invited.

* * *

Under the auspices of the Epworth League of Bladen Street Methodist Church an excursion will be given to Carolina Beach Thursday of this week on the steamer Wilmington. There will be two trips of the steamer, one at 9 A. M. and the other at 2:30 P. M. The fare for the round trip will be 25 cents and a most enjoyable time is promised to all.

* * *

The North Carolina Sorosis will give a moonlight excursion up and down the Cape Fear river tomorrow night on the steamer Wilmington and it promises to be one of the most delightful outings of the season. Members of the club and their friends are invited. The fare for the outing will be only 25 cents. Music will be furnished on the boat and refreshments will be on sale. The boat will leave at 7:45 o'clock.

* * *

A meeting of more than ordinary interest of the Home Mission Society of Grace Methodist Church will be held this afternoon at 5 o'clock in the lecture room of the church. Miss Ida Hankins, who will leave in a short time as the church's missionary to Korea, will make an address, and after the business meeting a social session will be held. All members, new and old, and other ladies of the congregation are cordially invited to attend.

Goldsboro, N. C., June 12.—Miss Elizabeth Borden delightfully entertained Friday afternoon at a porch party in honor of Miss Annie Lee Davis, who is to be married Wednesday evening. Progressive hearts was the game played after which delicious refreshments were served. Those present were Misses Annie Lee Davis, Elsie Dortch, Le May Dewey, Mildred Borden, Rosa Powell, Elizabeth Smith, Miss Jones, of Suffolk, Va.; Miss Brigham, of Augusta, Ga.; Lydia Winslow, Nannie Best, Blanche King, Lucia Privett, Jane Ormond, Vivian Wooten, Rachel Borden, Duralde Borden, of Wilmington; Huldah Slaughter, Louisa Slocumb, Hattie Dewey and Mrs. George Bynum, of Duplin, Ga.

* * *

Yesterday's Raleigh News and Observer: "There were here yesterday enroute to Vance county to attend the wedding of Rev. L. C. Vass, of Memphis, Tenn., and Miss Frances Stedman Sharp on Wednesday: Miss Floy Sharp, sister of the bride-elect, who came from Wilmington; Miss Kathleen Walker, of Bary, N. C.; Mr. Norwood Giles, of Wilmington; Rev. L. C. Vass and his mother, Mrs. L. C. Vass, of Memphis. Miss Amy Stockard, of Raleigh, will leave today for the wedding which takes place tomorrow at half past seven o'clock, at Nut Bush Presbyterian church at Townsville. Miss Sharp is a daughter of Capt. John H. Sharp, former treasurer of the Seaboard Air Line.

* * *

SIMPLE BUT VERY PRETTY WEDDING YESTERDAY.

A simple but beautiful wedding was solemnized at the home of Mrs. Cornelia A. Wells, corner Fifth and Walnut streets, yesterday afternoon at 6 o'clock, when her daughter Miss Lona V., became the bride of Mr. Adolphus E. Page, of Teachey, N. C. The house was appropriately decorated for the occasion and Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church, performed the ceremony. There were no attendants and only a few relatives and friends of the families were present.

Mr. and Mrs. Page left on the 7 o'clock train and will attend the marriage of Mr. Page's brother in Raleigh today. They will make their home in Teachey. The popular young couple have the best wishes of a host of admiring friends for a long and happy married life.

SUIT AGAIN INSTITUTED.

Case of Joseph Jones Against the Wynnewood Lumber Company.

Having been forced to take a nonsuit at the recent term because the court would not grant a motion to amend the complaint, Joseph Jones, a young white man, through his attorneys, K. C. Sidbury and A. G. Ricaud, Esqs., yesterday morning brought a second action in Superior Court against the Wynnewood Lumber Co., for alleged damages in the sum of $20,000 for personal injuries sustained when he was run over by a lumber train of the company at Wananish while an employe of the company on June 21st, 1910. The plaintiff alleges that he lost his left leg and sustained other serious injuries by reason of the accident.

PERSONAL PARAGRAPHS.

—Mr. Geo. F. Syme, of Raleigh, was registered at The Orton yesterday.

—Mr. G. C. White, of Raleigh, is spending a few days at The Orton.

—Mr. W. E. Kyle, of Fayetteville, was a guest at The Orton yesterday.

—Mr. and Mrs. W. A. Simpkins, of Raleigh, were registered at The Orton yesterday.

—Mr. J. P. Newton, of Thomasville, Ga., is spending a few days in the city, the guest of relatives.

—Mr. J. Sprunt Newton, of Fayetteville, was a Wilmington visitor yesterday, stopping at The Orton.

—Mr. W. Buckner, superintendent of the Southern Express Company for this division, returned to the city yesterday, after an absence of a few days.

—Messrs. J. F. Head and W. F. Jones left yesterday afternoon for Chapel Hill where they will continue the study of law during the Summer months at the University Law School.

—Mr. E. W. Fonveille, one of the popular salesmen for the C. W. Polvogt Co., has been confined to his home, No. 310 Third street, for several days, his friends will regret to learn.

—After a pleasant vacation trip of three months, spent in various Northern cities, Mayor Thos. H. Wright, of Wrightsville Beach, has returned and will assume his duties as executive head of that thriving city.

—Mr. C. L. Meister, mechanical engineer of the Coast Line, left last evening to attend the convention of the American Railway Master Mechanics' and Master Car Builders' Association, which convenes this week in Atlantic City, N. J.

—Capt. Geo. S. Spaulding, Corps of Engineers, U. S. A., who was present at the hearing giving the Wilmington business men in regard to the proposed course for the inland waterway, left yesterday for his home at Jacksonville, Fla. He remained here several lays to prepare a report on the hearing.

—Among the arrivals at the Southern Hotel yesterday were H. L. Smith and A. Bartholomew, Lake Waccamaw; L. W. Stanley, Whiteville; J. L. Kent, Savannah, Ga.; G. W. Rolsburg and A. Shafer, Fort Caswell; J. F. Simpson, Point Caswell; Lee Simpson, Tomahawk; J. T. McKenzie, Whiteville; L. C. Clifton, Clinton; R. W. Roberts, Vista.

THE DRIVING ORDINANCE.

Chief of Police Fowler Issues Instructions to His Officers.

Chief of Police Fowler has recently issued certain instructions to the police officers with reference to the driving ordinance, following some complaint about the way the measure is being enforced. Chief Fowler explained to the officers that when one side of a thoroughfare is unimproved and practically impassable, as, for instance, the northern side of Market, from 10th to 17th streets, and the east side of Fifth, from Dock to Nun streets, the drivers of automobiles and vehicles will obey the spirit of the law by passing as far to the right as possible on the improved side of a street. On the other hand, if both sides of the street are improved, the enforcement of the ordinance to the letter will be expected.

A great many citizens think the police are really giving much more of their time to looking out for persons who do not always "drive on the right side" than they are to running down other violations, such as autos and vehicles exceeding the speed limit and in the reckless turning of corners, endangering the life and limb of pedestrians. On the other hand, it is pointed out, that the police must make a beginning somewhere; that already there is a better regard for the driving ordinance; that shortly there will be no need for so much diligence on the part of the officers in looking after the infractions of this ordinance, and then they will be able to turn with all their might to some other particular ordinance, none of the time, however, forgetting to keep their eyes open for violations of the other ordinances of the city and laws of the State.

FAITHFUL COLORED MAN.

John Hill, Long Employed by Polvogt Co., Passes Away.

John Hill, colored, about 40 years old, for ten years or longer employed in the carpet department of the C. W. Polvogt Co., died Monday afternoon at the James Walker Memorial Hospital following an operation for tuberculosis of the glands. He was sober and industrious and was held in the highest esteem by his employer. A wife and three children survive. A sister and a brother living in New York also survive and will reach here today in time for the funeral which will be conducted at 3 o'clock from Central Baptist church, of which he was a devoted member. Mr. Polvogt in speaking of Hill yesterday, stated that his death was a real loss to his race and to the store in which he has so long been employed, faithful to every trust, industrious, honest and painstaking in every task assigned to him.

MARINE RAILWAY FACILITIES.

Work Being Done at Charleston Should be Done Here.

Emphasizing still further the need of marine railway facilities at this port and the splendid opportunities for investment in such an enterprise, the following is copied from yesterday's Charleston News and Courier:

"The pilot boat Williams, of Georgetown, is on the ways at Pregnall's ship yard undergoing repairs. The master of the Williams is Capt. Watts. Also on the ways is the large and handsome steam fishing smack Susquehanna, which fishes out of Wilmington, N. C. The Susquehanna is 156 feet long on her keel and is a very swift vessel. She is being overhauled and work is being done on her propeller.

DIED.

BAKER—In Charleston, S. C., June 13th, 1911, in the 57th year of her age, MRS. MARY G. BAKER, daughter of the late John G. Bauman, of this city. "Requiescat in pace."

LOCAL DOTS.

—The schooner Lottie R. Russell, Capt. James, cleared yesterday for Little River, S. C., after discharging cargo to the Virginia-Carolina Chemical Co.

—Oscar Mosley, colored, was tried before Justice Harriss yesterday for assault with a deadly weapon on Louis Berry, also colored. The case was sent up to the Recorder.

—The handsome silver loving cup which the Tidewater Power Company will present to the 1911 champions of the City Baseball League, is now on display at Honnet's jewelry store, No. 12 North Front street. The cup is of a most appropriate design, the handles being fashioned to represent baseballs and bats.

MANAGER AT CHARLOTTESVILLE

Mr. A. B. Robinson Receives Well Deserved Promotion in Service.

Mr. A. B. Robinson, one of the cleverest and most efficient telegraphers in the service of the Western Union Telegraph Company in this city and district, leaves on the northbound A. C. L. train this evening for Charlottesville, Va., where he becomes manager for the company in that city, the appointment to this important post in the service having come to him entirely unsolicited, but as a splendid testimonial to his ability both as an operator and a man of business ability. Mr. Robinson has grown up in the service, having started with the Postal Telegraph Co., as a messenger boy way back in the days when the Postal office was located on lower Princess street. By strict attention to business and loyalty to the company he served, he has gone up step by step until now he becomes manager of one of the most important offices in Virginia, being the seat of the University of Virginia and also handling a large commercial business. He has been with the Western Union for a number of years, last as night chief in the local offices of the Western Union and in charge of the Chadbourn office during the rush of the strawberry shipping season. Mr. Robinson has a host of friends in Wilmington who will regret to know of his departure, but will at the same time be delighted to know of his promotion. His friends know that he will "make good" in every sense of the word and are certain that he will yet attain still higher position in the telegraph world.

PROTEST AGAINST LAW.

Caustic Comment on Enforcement of City Sidewalk Ordinance.

In mute and glaring protest against the enforcement of the law which deprives the merchants of any part of the sidewalk for the display of their wares, stands a framed placard in front of the photographic establishment of Foltz & Kendrick, in the Southern building. Decidedly caustic is the gentle rap it hands the City Council and every passer-by stopped and read the lamentation against an 'asinine law" with varied degrees of amusement yesterday.

The placard is a printed sign agout four feet square, framed, and having in its center a single photograph of a young man, surrounded with box car letters, spreading broadcast to the public the following opinion of the law and its enforcement by the City Council:

"One of the ways the new City Council takes to make a greater Wilmington—This is not the only photograph we have for display, but the enforcement of an asinine law by our new Commissioners—all business men—has compelled us to remove our display case, claiming it is an obstruction. It will be necessary to take the elevator to the fifth floor to view our excellent display of portraits. Foltz & Kendrick."

"Forgiven in Death."

Western drama—Grand Theatre today. **

..Theatrical..

Grand Theatre.

Last night was another record breaker at the Grand, and there seemed to be no end to the crowds that packed in the cozy little place. Mr. Tally sang one of the most beautiful ballads that has ever been heard in Wilmington, and was forced to respond to continuous encores. Today Mr. and Mrs. Tally will sing "In Dear Old Tennessee," a beautifully illustrated song. The pictures today are all new and one especially will please Grand patrons which is a Vitagraph production entitled Changing of Silas Warner," which tells a beautiful story with a moral. Vitagraph pictures are great favorites with Grandites and this will be one of the best by this company. The other picture is an Essaney, Western drama entitled "Firgiven in Death." This picture will interest the children especially. Temperature 78 degrees. Open at 2 P. M.

At the Bijou.

One of the greatest films ever manufactured and the very greatest Gaumont success, which alone speaks volumes, will head today's big bill at the popular Bijou. It will not be the only star, of course, because every film on today's programme is a star, but it will be something decidedly exceptional and should be seen by all, especially by folks who prove such "easy marks" in this life, and by those who would steer clear of the shoals of fakedom. This particular Gaumont triumph is called "Science vs. Quackery," and it tells a pathetic story, besides teaching a wholesome lesson. Among the other sparkling gems for today might also be noted "The Power and the Glory," telling a powerful tale of the rise, success and devotion of a painter. Among the big comedy films will be found "Hawkins and His Dogs" which is also a decidedly clever vaudeville stunt. Of course, there will also be a big musical offering today, including something choice and jolly by Mr. Banks.

EXCURSION FROM ATLANTA.

First of the Season to Wrightsville Beach to Arrive June 28th. . .

The Seaboard Air Line has advised the beach hotels that the first excursion of the season from Atlanta, Ga., will arrive here on the morning of June 28th in two sections and will go through to the beach, where the party will spend several days. The first section will be a solid train of Pullman sleeping coaches and the second will consist of day coaches. The Pullman train will reach the city about 9 o'clock in the morning and the other train will arrive about a half an hour later, according to the schedule arranged. There will be several hundred people on the excursion and among the number will be some of Atlanta's leading citizens. The hotels are advised that already a large number of reservations have been made. The excursion will leave Atlanta on June 27th. Most of the excursionists from Atlanta and others in Georgia who patronize the excursion will spend ten days at the beach, but quite a number will remain longer than that period, as the railroad furnishes a plan by which tickets may be extended.

Wrightsville Beach is very popular with the Georgians, especially those who live in the Capital City, and every year hundreds of people from that State spend their vacation periods at the resort. Probably as many people from Georgia visit the beach every year as from any other State. While the excursions are always largely patronized most of the Georgia people who visit the beach each season come on the regular trains.

Albany, N. Y., June 13.—The presentation in any theatrical performance of living character representing the Divine Person is prohibited after September 1st, in a bill which was signed by Governor Dix tonight.

The Coffee With a History

In 1815, after his glorious victory over the British at Chalmette, Andrew Jackson treated his troops to French Market Coffee at the famous old French Market in New Orleans. For over a hundred years back the finale of every Mardi-Gras Ball was to sip a cup of this famous coffee as a "night-cap." Then this famous beverage could be had nowhere else. History repeats itself. You may now serve it daily at your own table. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

"There is but one French Market Flavor"

We roast it in our sunlit plant, where ventilation and sanitation is perfect. Its fame has spread throughout the whole country, so we have perfected a hermetically sealed tin to preserve the rich aroma. No humans touch the golden brown berries from plantation to cup. Just try "French Market Coffee" once—we won't have to urge you a second time. You can get some at your grocer's.

Leather Prices Jump Again

Trust Creates Artificial Scarcity by Closing Tanneries

You and I and the other plain people of this country are not paying enough for our shoes, it seems.

The Leather Trust needs the money more than we do—so the shoe wearers of America have got to come across with the higher price.

Shoe manufacturers will tell you that there is a "shortage of leather."

What they may not tell you is that the Leather Trust created this "shortage" by deliberately shutting down its tanneries and throwing thousands of its employes out of work in midwinter, with the sole object of boosting the price of leather!

Now, the higher price would be hard enough on the shoe buyer—even if the quality of the shoes justified it.

As a shoe wearer you know that the average shoe is **not** worth its price—or anywhere near it.

The clerk, the merchant, the farmer, the mechanic finds his soles giving away long before their time—the uppers cracking and pulling away from the soles—the leather losing its finish, its softness, its elasticity.

The crying evil in the shoe situation to-day is the influence of **the Leather Trust** on the quality and cost of leather

Facts that the Leather Trust Will Never Tell You

These are facts that the average shoe manufacturer does not dare to tell you.

It's only when an independent newspaper publishes this inside information in the interests of its readers that you learn the real truth and the whole truth.

The American shoe industry is in the grip of the Leather Trust.

There is only one shoe manufacturing concern in the United States that can put what they know to be honest leather into their shoes.

They can do this because they own and operate their tanneries independent of the Leather Trust.

The name of that concern is Endicott, Johnson & Co. Their tanneries and factories are located at Endicott, N. Y.

Back in 1893 H. B. Endicott and Geo. F. Johnson formed a partnership and started to manufacture shoes.

Then the leather began to show bad qualities. The Leather Trust began to starve the leather in tanning and finishing—instead of using the slower and more expensive processes that give to leather its wearing qualities.

Cheap Processes in Trust Tanneries

"Processes" and short cuts crept in all along the line. Hemlock used in place of good oak tan bark. Chemical tannages that load up the weight of the leather—**all sole leather is sold by weight.**

These conditions have existed for years in Trust tanneries—the situation is getting worse instead of better. Only recently, Dr. Wiley, the Government chemist, declared there should be a law like the Pure Food Law to prevent tanners from using adulterants in their "processes."

Various cheap adulterants are used in large quantities by the Leather Trust to "weight" the leather—it looks "full" and "plump," but is really "brashy" and rapidly breaks up under wear.

Endicott, Johnson & Co. refused to put that kind of leather into their shoes.

Breaking Grip of Leather Trust

So Endicott and Johnson built their own tanneries. Today they tan every pound of leather they put into their shoes.

They tan every batch of hides for a definite kind of shoe, and perfect it in the tanning and finishing for the service it is to give—an obvious advantage in the working qualities of the leather and the durability of the shoes.

Their "Forest Oak" is honest old-fashioned straight oak tanned sole leather.

Their "Kromelk" is the first and only chrome-tanned sole leather to be perfected and put to practical and satisfactory service. It is the most durable sole leather ever made—weather proof, heat proof, all but wear proof.

This leather has been imitated largely since it proved so successful—but it cannot be duplicated because it is the exclusive property of Endicott, Johnson & Co.

Endicott, Johnson & Co.'s tannages of calf skin and chrome-tanned upper leather are as far ahead of commercial leathers as their "Forest Oak" and "Kromelk", are ahead of commercial soles.

Extortionate Profits Saved

Endicott, Johnson & Co. find it perfectly feasible to produce a dependable, long-wearing shoe and sell it at the price that the average man wants to pay for his shoes.

Buying their hides in the open markets of the world, and operating their own tanneries, they cut three profits out of the cost of making the shoes—the profits of the Hide Trust, the Leather Trust and the Leather Jobber.

Then they cut out the Shoe Jobber's profit—selling **direct** to your home shoe dealer and 30,000 other retailers in this country.

Thanks to this "hide to retailer" policy—Endicott, Johnson & Co. can save you 50 cents to $1.00 on every pair of shoes you buy.

This policy—and its service to the shoe wearer—has made them the largest shoe manufacturers in the world.

Endicott, Johnson & Co. have the most expert staff of shoe designers in the trade. And style in an Endicott-Johnson shoe means something—the real leather is back of the style. The shoe is pliable—yet firm and solid. It holds its shape, its fit, its finish.

You can buy Endicott-Johnson shoes for men, women and children—shoes for business wear, work shoes, dress shoes, school shoes for boys and girls.

ENDWELL—the Independent Shoe

The most popular shoe for general service is their ENDWELL (Goodyear Welt)—a dress and business shoe that sells at $3.00, $3.50 and $4.00.

Endicott, Johnson & Co. make lines that sell for more money—and still other lines at a lower price.

You can have your choice of Shoe or Oxford—Lace and Button—all the fashionable lasts—any width of toe—all the colors of leather.

And the way those shoes wear will be a revelation to you.

Remember the name. You will find it stamped on the shoe.

If your dealer does not sell these shoes, fill out the attached coupon and mail to Endicott, Johnson & Co., Endicott, N. Y.

UNSETTLED IN COTTON MARKET

Closed Barely Steady at Decline of Four to Seven Points—Offerings Absorbed by the Continued Trade Buying.

New York, June 13.—While there appeared to be nothing in today's weather reports to relieve apprehensions over the droughty conditions in the western belt, the cotton market was nervous and unsettled under realizing and selling for a reaction, with the close barely steady at a net decline of 4 to 7 points.

The market opened steady at the advance of four points to a decline of three points, and sold about three to four points net lower, during the first few minutes, under realizing by recent buyers and local pressure, which may have been encouraged to some extent by private reports of showers in Texas, although these reports came from sections outside of the cotton growing belt. Offerings were well absorbed by continued trade buying and support from some of the leading bulls, however, and with the western belt forecast calling for fair weather tonight and tomorrow, the market soon turned steadier.

Buying was also encouraged by expectations of a bullish weekly bureau report at midday, and following the publication of the day's detailed weather reports showing very high temperatures again in the southwest, with rains in the eastern belt, but no precipitation in the droughty sections, there was active covering by some of the early sellers and prices sold about 1 to 7 points net higher, with December and later months making new high records for the season. The weekly weather report proved quite a bullish as anticipated, but also seemed to be the signal for realizing, and after its publication the market turned easier under selling, which seemed to be for both long and short accounts. Last prices were at practically the lowest of the day.

Receipts today, 778 bales, against 4,252 last week, and 4,825 last year. For the week, 15,000, against 20,069 last week, and 24,545 last year. Today's receipts at New Orleans, 367, against 1,395 last year, and at Houston, 421, against 669 last year.

Spot closed quiet; middling uplands, 15.90; middling gulf, 16.15; no sales.

Futures opened steady and closed barely steady.

THE GRAIN MARKET.

Chicago, June 13.—Drought in Missouri and reports of blasted fields in Southern Illinois gave a final twist today to the wheat market after an earlier advance had been more than wiped out. Latest figures showed a net gain of 1⅛@¼ to ¾. The close for other leading cereals was also higher than that of last night. Corn, ¼ to ⅜@¼, and oats, a shade to ¼. Hog products finished at 2½ to 15 decline.

Wheat—No. 2, red, 86⅞@87⅝; No. 3, red, 85@86½; No. 2, hard, 86½@89; No. 3, hard, 85@87; No. 1, northern, 94@98½; No. 2, northern, 90@96; No. 3, northern, 90@93½; No. 2, spring, 90@92; No. 3, spring, 88@92; velvet chaff, 85@92; durum, 81@87.

Corn—No. 2, 54@54¾; No. 2, white, 54¼@54¾; No. 2, yellow, 54¼@55; No. 3, 53¾@54½; No. 3, white, 54@54½; No. 3, yellow, 54@54½; No. 4, 49@50; No. 4, white, 49@51; No. 4, yellow, 49@50½.

Oats—No. 2, 36¼@37; No. 2, white, 38½@39; No. 3, white, 37¾@38½; No. 4, white, 37½@38¾; standard, 38¼@38¾.

A Charming Woman

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. Bellamy's.

STOCKS DECLINED DURING DAY

Determined Effort to Demonstrate Strength of Bear Position—Downward Movement of Leading Issues—Features.

New York, June 13.—A determined effort was made today to demonstrate the strength of the bear position in the stock market, and speculative issues, especially United States Steel, were subjected to heavy pressure. Prices declined rapidly during the early part of the day, and the movement was accelerated by the circulation of various disquieting reports, some of which were believed to have their only foundation in a desire to influence the market. A further depressing influence was the liquidation of a considerable amount of stock by holders, who had become tired by the market's long period of inactivity. Prominent interests were reported to have disposed of lines of important railroad stocks and there was also some evidence of selling of speculative holdings of United States Steel. A number of leading issues lost a point or more, but the downward movement was circulated almost before the day's trading was fairly under way and a recovery set in. The tone became firmer and stocks gradually made up the losses. The speculative leaders overtopped yesterday's closing prices on the rebound, finishing the day with good fractional gains.

The copper stocks were the most prominent and about duplicated yesterday's rise of a point or more. The buying movement in these stocks was based ostensibly on the improvement in the copper metal market.

One of the few noteworthy events of the day was the suspension of dividends on Denver and Rio Grande, preferred, which has been on a five per cent. basis since 1901. The preferred stock which sold at 70 last week broke sharply to under 60, and closed only slightly above that figure, with a loss for the day of about three points.

Reports of damage to the growing crop were used as bear arguments and found some basis in the governments weekly report, which stated that intense heat, much sunshine and lack of rain had been the prevalent conditions over large sections.

The report of agricultural exports for May showed a substantial increase over April. The statement as a whole indicated still further growth in the country's foreign trade, with a large export excess for the total movement.

Bonds were easier. Total sales, par value, $3,010,000. United States 2s declined ⅛c. on call.

Total sales for the day, 511,500 shares.

FLAYS WOODROW WILSON.

Pennsy Congressman Says Harsh Things About Jersey Governor.

Washington, June 13.—Governor Woodrow Wilson, of New Jersey, was characterized in the House today as the college president who had become "New Jersey's peripatetic governor, engaged in writing backward the sane and respectable record of his life."

The speaker was Representative Dalzell, of Pennsylvania, who in opening the debate on the Democratic wool bill in the House arraigned that measure as "indefensible from every point of view." He said Governor Wilson's endorsement of it was not unexpected, in view of his recent political statements. The bill had been introduced in Congress he declared through the desire of the Democrats to "play politics."

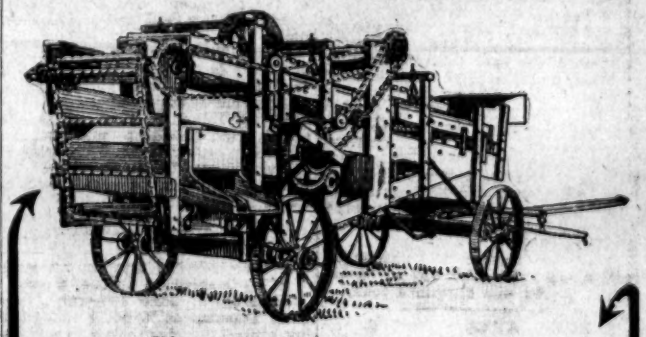
Descriptive booklet with rates, views and description of the various amusements and pleasures of this splendid Seashore Resort, sent on request.
E. L. HINTON, Manager
Wrightsville Beach, N. C.



The Picker of Proven Worth

If you grow peanuts and don't own a Benthall Peanut Picker you are paying for one, without really owning it.

The wages that you pay will be saved when you own a Benthall. You and your boys can do the work of a hundred men.

You will get your crop off to market early—receive highest prices.

You'll avoid delays and stealing.

These things that have been taking away from your profits can be made to add to them.

The Benthall really makes peanut growing *doubly* profitable.

The machine picks both Spanish and Virginia varieties rapidly, perfectly. It saves the vines for hay.

It neither cracks the nuts nor grinds the vines as do machines that *thresh* them.

The Benthall can be moved from place to place as easily as a farm wagon. You can make big money picking for your neighbors.

The demand for theses pickers will be greater this year than ever before. If you want to reserve one, better write now for our booklet.—sent *free* to Farmers.

The Benthall Machine Co.,
Dept. SUFFOLK, VA.

AFFAIRS IN RALEIGH.

Special Term of Court in Durham—Other News Notes.

(Special Star Correspondence.)

Raleigh, N. C., June 13.—Governor Kitchin directs a special term of criminal court in Durham July 17th to continue one week for the special purpose of trying 39 tiger cases that have accumulated through the sensational crusade the officers made against liquor selling in the Bull City.

The $400 reward that Governor Kitchin has announced for the unknown murderer of Mrs. Jane Hill, wife of Dr. Joel Hill, of Lexington, whose lifeless body was found gagged and bound to the bed post in the home of her parents in Jamestown, Guilford county, last week, makes $900 reward outstanding. The authorities of Guilford county having offered $500. So far as is known there are no clues to the murderer.

State Senator R. R. Cotton in the city from Pitt county, says that the outlook in his section is for only about a third of a crop of tobacco. The lack of rain prevented the successful transplanting of the tobacco plants. While it has been very dry, owing to the exceptionally thorough preparation of lands, there has been nothing like the damage by drought to other crops one would ordinarily expect, he says.

A "wild woman", living out in the open field and having a mattress and bed quilt stuck away in a cove to sleep on, was taken into custody yesterday by Township Constable D. R. Byrum and has been sent to the county home for vagrancy. She gave her name as Adelaide Stephenson. She was roving about the country just west of the city almost devoid of clothing when her case was reported to the authorities by people living in the locality.

The Order of the Eastern Star met in annual communication this morning in the Masonic Temple, the sessions to continue through tomorrow. There are over 50 local lodges and the representation is large. The ladies were welcomed by Rev. R. Percy Eubanks, assistant rector of Christ Episcopal Church, and the response was by Mrs. Sallie M. Boettcher, of Elizabeth City. This afternoon the regular business of the communication will be taken up. Mrs. Mary E. McRary, of Asheville, is grand matron; and the grand patron, L. M. Clymer, of Greensboro; Grand Secretary, Mrs. Mary C. Weatherly, Franklin, and Grand Treasurer, Mrs. E. B. Siler, of Siler City. Other grand officers are distributed in many sections of the State.

Now that the $250,000 State administration building is to go up on the old Grimes and Haywood property and the old three-story landmark thereon occupied for several years for the State Department of Insurance, must come down, Insurance Commissioner Young is seeking out some place to move into while the State building is in progress. The indications are that the department will occupy the Woman's Club building on the west side of Capital Square. The department has grown to such proportions that the housing of it is quite a problem is the absence of a special State building.

TROUBLE AT MEXICO CITY.

Soldiers Who Fought at Juarez Raised a Row.

Mexico City, June 13.—Soldiers who distinguished themselves in futile defense of Juarez, today raised such a row over their alleged grievances that mounted police and a detachment of "Zapatdores" had to disperse them and their supporters. No shots were fired. They were not regulars, but a band of volunteers who fought under Gen. Navarro. Following the surrender of Juarez, they were made prisoners also, and they accompanied the old general and his regulars to the capital. Instead of going to the barracks last night, these undisciplined men spent the night drinking. This morning, joining the regulars in the barracks, they demanded that they be paid off as the insurrectos are.

The men began to shout aloud their fancied grievances. Outside the barracks, a crowd of persons gathered and added their hoots and jeers to the din made by the volunteers.

Advices received at police headquarters resulted in the dispatrhing of mounted police to handle the mob outside the barracks. The volunteers declared they did not purpose to serve any longer. An officer informed them that their services were not wanted, and a few minutes later they became part of the street crowd. The police dispersed the mob without shooting.

Today announcement was made that hereafter those who persist in too exuberant celebrations will be deemed guilty of disorderly conduct. Francisco I. Madero, Jr., has agreed that the time for demonstrations has passed.

Manuel Bonilla, a Sinaloa newspaper editor, appointed Minister of the Department of Communications, today was installed as a member of the de LaBarra cabinet.

That Gen. Navarro will answer before a court of inquiry why he surrendered Juarez was confirmed today.

DEATH AT CAMDEN, S. C.

Mrs. Mary Haile Dead After Several Weeks' Illness.

Camden, S. C., June 13.—Mrs. Mary Haile, relict of the late Capt. James Haile, died here yesterday at her home on Fair street. Mrs. Haile had been in ill health for several weeks and the end came early in the morning. This most estimable lady was a consistent member of the Presbyterian church, from where the funeral was held this afternoon at 5 o'clock, services being conducted by her pastor, Rev. Mr. J. C. Rowan. Mrs. Haile is survived by her four children, Messrs. Benjamin and Willie and Misses Lizzie and Emma, who have the sincerest sympathies of a large host of friends.

Mr. and Mrs. Tally.

Will sing "In Dear Old Tennessee" —Grand Theatre today. **

SENATE ACTION STANDS.

Efforts to Secure Re-Consideration of Direct Vote Plan Lost.

Washington, June 13.—Strenuous Democratic efforts to secure Senate re-consideration of the direct senatorial elections joint resolution on account of its inclusion of the Bristow amendment for Federal supervision, tached on to the House measure by the Senate last night, were defeated on a tie vote today. After long discussion Mr. Reed, of Missouri, moved to re-call the resolution from the House for the purpose of re-considering the vote by which it was adopted. The motion was lost 33 to 33. Senator Clarke, of Arkansas, voted with the Republicans. It was his vote yesterday which made possible the adoption of the Bristow amendment.

Today's debate was precipitated by Senator Bacon, of Georgia, who argued that Vice President Sherman had no right to cast a deciding vote on the Bristow amendment yesterday, such a right being confined to ordinary legislative business. Those opposing Mr. Bacon argued that the Vice Presidential authority to vote in case of a tie was absolute and unequivocal.

Although the Republicans of the House voted today to support the Bristow amendment to the joint resolution passed by the Senate last night providing for direct election of Senators, the Democratic leaders of the House insist that they will refuse to acept it and that the Senate again must vote on the provision. Representative Underwood, the Democratic leader, said the action of the House in voting down a similar amendment providing for Federal supervision would indicate that the resolution would have serious opposition in conference.

MILITARY COMEDY CONTINUES.

Federal Troops Keep Insurrectos Out of Chihuahua.

Chihuahua, Mex., June 13.—Mexico's post-revolution military comedy continued today. Four thousand Federal troops, commanded by three generals, are patrolling the streets, determined that the victorious army under General Orozco shall not enter the city. Orozco has a force extending north along the railroad thirty miles, with headquarters at Sauz.

The insurrectos make no effort to conceal their anger. They say that while reports come to them of banquets being served in Meico City, they, in spite of peace, are kept in the field on short rations.

Wäile wonder is expressed that Mexico City doesn't straighten out the tangle, Governor Gonzales expects no serious consequences. He says in time the Federal troops will evacuate and the insurrectos will enter Chihuahua.

However, General Orozco, Madero's foremost military chief, when seen at Sauz, frankly expressed displeasure at the failure of the Federal authorities to turn the city over ot his forces.

Many of Orozco's followers have openly declared that if the Federals do not soon evacuate, the insurrecto army will enter, in a body.

General Villar, commanding the Federals, today asserted that he was acting under orders from Mexico City. These orders were that he should patrol the city and maintain outposts, to prevent the entrance of any armed troops.

All the insurrectos desire is to enter the city led by a brass band, carrying their arms and with flags flying, and to march through the streets. A triumphant procession is their notion of a proper regard for military services.

PYTHIANS IN SESSION.

Grand Lodge of North Carolina Convened Last Night in Asheville.

(Special Star Telegram.)

Asheville, N. C., June 13.—The opening of the Grand Lodge, Knights of Pythias, began at Battery Park Hotel this evening at 8 o'clock, with an attendance of about 300.

The welcoming address was delivered by Judge Thos. A. Jones, of Asheville, the response by Major J. G. Baird, of Charlotte. At 9 P. M. a reception and banquet was tendered the visiting Pythians at which were given a number of appropriate toasts and a delectable menu was served. Geo. L. Hackney, of Lexington, was toastmaster. The Grand Lodge will be in session tomorrow morning and a portion of the afternoon. The Dokie's ceremonial session will come tomorrow night.

Grand Chancellor A. E. McCausland, of Charlotte, N. C., called the session to order in 41st annual convention. The feature of the evening was an address by Union B. Hunt, of Indianapolis, Ind., president and general counsel of the insurance department of the Supreme Lodge, Knights of Pythias, his subject being "In Union There is Strength."

SOUTH GETS SQUARE DEAL.

Not Discriminated Against by Postoffice Department Speaker Says.

Washington, June 13.—The Postoffice Department is not discriminating against Southern States in establishing rural mail routes, declared George G. Thomson, superintendent of rural postal delivery, before the House Committee on Expenditures in the Postoffice Department today. He denied that politics figured in the matter.

Representative Redfield, of Brooklyn, suggested that of the 1,700 petitions for rural delivery now pending before the Postoffice Department the great majority are in the Southern States. Mr. Thomson said this condition was due to the scarcity of population, bad roads, or similar factors.

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close on my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hayfever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

ROCKY POINT AFFAIRS.

Shipment of Truck Crops—Personal and Other News Notes.

(Special Star Correspondence.)

Rocky Point, N. C., June 13.—Shipments of beans and potatoes are now about over. Both crops were extremely short and but few growers realized the fancy prices that were quoted. Some of our farmers claim that both cotton and corn crops are doing well and taking on rapid growth. While quite a lot have not yet chopped out or brought to a stand their cotton, peanuts are not all up yet. Some seed laid in the sun parched so long they will never germinate.

Mr. S. J. Davis and family, of Wilmington, are visiting Mr. T. J. Armstrong.——Mr. George Burton is down in Georgia, about Vidalia, timber prospecting.——Hon. Geo. W. Meeks took his leave this morning for Winston-Salem, as a delegate at large from Pender to the State good roads convention.

Mr. T. J. Armstrong, Jr., has just reached home from Yale. He came by steamer from New York to Wilmington and reports a smooth and pleasant trip.

Miss Davis, of the "Kronicle Kontest", was on the point yesterday and was shown some of the scenes by one of our young men.

As Mr. Fennell Price was going out to the holiness prayer service last evening, his mule became balky like Balaam's did. Mr. Price thereat became riled and used the rod freely—then that mule went and spake not. Moral: When that boy will not move, use the rod.

Mr. C. J. Miller has shipped a profitable crop of beets and on some land has a magnificent crop of pepper growing. Everything looks green and the finest corn we have seen is on his farm.

Messrs. W. M. Sanderson and R. S. Futch report good corn crops. They both have cotton squares and from appearances their crops are not suffering for want of rain.——Owing to low water in the river the catch of perch is good——Since Irish potatoes have been dug the bugs are awfully hungry and attack tomatoes, nettles and most everything green that is handy. They are an intolerable nuisance.

Mr. Jim Turner has moved to his new residence on Jones avenue. He continues to cater to the traveling public who will find the "Turn-Inn", open at all hours.——Mr. Halstead Bowden has moved to Lucas avenue and runs the Lane's Ferry shingle mill.

CORONATION IN LONDON.

Celebration Will be on Greater Scale Than That of King Edward.

London, June 13.—As preparations for the coronation approach completion it becomes increasingly evident that the celebration will be on a far greater scale of magnificence than the coronation of King Edward.

Never before have the streets of London been so transfigured for any great public ceremony or has there been such an enormous expenditure to do honor to a sovereign.

The scene of street decoration and illumination is of unprecedented lavishness. A whole army of carpenters, electricians and decorators is working with feverish energy from early morning until late at night to complete their labors. Nearly 60,000 home and colonial troops are now quartered in the parks, giving Western London the appearance of a huge armed camp.

The ancient glories of the Thames as a royal waterway will be revived on Coronation day. The mobilization of the fleet for the naval review has commenced at Spithead, 50 warships taking up their positions there today.

RESULT OF DEFECTIVE RAIL.

Report on Martin's Creek Wreck on Pennsylvania Road.

Trenton, N. J., June 13.—Derailment due to defective condition of the track while undergoing repairs was responsible for the Martin's Creek wreck in which 12 persons were killed and more than a 100 injured on the Pennsylvania Railroad on April 29th last.

This is the substance of the decisions reached this afternoon by the Board of Public Utility Commissioners and the Inter-State Commerce Commission through its representative, E. L. Pugh. The more specific finding of the two commissions were that, in re-placing and repairing the tracks, or track, where the accident happened, the outer track was allowed to get lower than it should.

MORE TIME FOR ROADS.

Granted by Commerce Commission in Regard to Certain Rates.

Washington, June 13.—The Interstate Commerce Commission today granted to all railroads an extension of time from August 1st next to January 1st, 1912, in which to publish their rates complying with the commission's requirement that where a commodity rates has been fixed between points of production and points of consumption, the same concession shall on application be granted to intermediate points. The railroads had contended in these cases that the intermediate points, being neither producing nor consuming points, were not entitled to the rates, but the commission held otherwise under the long and short haul clause.

Work Will Soon Start

after you take Dr. King's New Life Pills, and you'll quickly enjoy their fine results. Constipation and indigestion vanish and fine appetite returns. They regulate stomach, liver and bowels and impart new strength and energy to the whole system. Try them. Only 25c. at R. R. Bellamy's.

RAILROAD men measure seconds in distance. A train a quarter of a mile off schedule, is liable to accident. The necessity for time-accuracy makes Waltham the railroad-man's Watch.

"It's Time You Owned a Waltham"

FRAUDULENT DEALINGS.

Head of Michigan Electric Concern Arraigned for Forgery.

Grand Rapids, Mich., June 13. — Frank G. Jones, head of the American Electric Fuse Company, of Muskegon, and former president of the Muskegon Chamber of Commerce, was arraigned in Police Court today under the charge of forgery, brought against him by the Old National Bank, of this city. He acted as his own attorney and waived examination. He was held to the Superior Court under a bond of $12,000.

Jones estimates the fraudulent dealings with which he sought to place the American Electric Fuse Company on a permanent financial basis, and which now have involved him and the company, at an aggregate of $720,000. It appears that he did not profit personally by his transactions, the receipts going to the company.

The Mercantile Credit Company of Chicago is involved according to Jones' estimate to the extent of $200,000. The Commonwealth Commercial Company, of Chicago, according to Jones' estimate, also is involved to the extent of $50,000.

FINALS AT WEST POINT.

Eighty-Three Graduates Get Diplomas and Commissions.

West Point, N. Y., June 13.—Eighty-three young men were today graduated from the Military Academy into the nited States army and received their diplomas and commissions from Secretary of War Stimson. Bad weather prevented the holding of the graduation exercises under the tent. Mr. Stimson and Gen. Barry, superintendent of the Academy, made short addresses. Philip Bracken Fleming, of Nebraska, was the honor man of the graduating class, and he was loudly applauded, as was also Cadet Thomas Jonathan Jackson Christian, a grandson of Gen. Stonewall Jackson. Gen. Barry and Col. Edward S. Tillman, the dean of the Military Academy, addressed the class of graduates.

Major Gen. Leonard Wood, chief of staff of the United States army, also briefly addressed the graduates concluding with wishing the class the best success.

Immediately after the exercises Graduate James Philip Kiffer, of Pennsylvania, and Miss Alice Brett, of Brooklyn, proceeded to the cadet chapel and were married.
